MONTHLY SUFFERING.

Thousands of women are troubled at monthly intervals with pains in the head, back, breasts, shoulders, sides, hips and limbs. But they need not suffer.

These pains are symptoms of dangerous derangements that can be corrected. The menstrual function should operate painlessly.

McElree's Wine of Cardui

makes menstruation painless, and regular. It puts the delicate menstrual organs in condition to do their work properly. And that stops all this pain. Why will any woman suffer month after month when Wine of Cardui will relieve her? It costs \$1.00 at the drug store. Why don't you get a bottle to-day?

For advice, in cases requiring special directions, address giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

Mrs. ROSENA LEWIS.
"I was troubled at monthly intervals with terrible pains in my head and back, but have been entirely relieved by Wine of Cardui."

SOUTHERN RAILWAY.

Condensed Schedule of Passenger Trains in Effect Dec. 4th, 1898.

THE NUGGET.

DAHLONEGA, GA., JAN. 6, '99.
Entered at the Dahlonega, Ga. P. O.
as Second Class Matter.

A \$60,000 express package disappeared at San Antonio, Texas, and the express man is missing.

More than 1,000 miles of standard gauge railroads were constructed in the South during 1898.

Officers testify that the fresh canned beef put up by Swift & Co., and sent to Cuba was spoiled and unfit for use.

The Louisville Courier-Journal suggests the name of Dewey for president and General Fitzhugh Lee for vice.

Gen. Wilson, who has been stationed at Macon, has been ordered to move at once for Cuba with three regiments.

The other day the Kansas City Mayor gave a man 24 hours to leave town. It came to light that he had eight living wives.

The claims of American citizens for damages sustained in the Cuba, Porto Rico and other Spanish possessions amount to \$26,000,000.

President McKinley seems to be fond of Confederate badges as he has written to Macon for more like the one he wore while in that city.

The married women name their children after Dewey while the single ones kiss Hobson. Of course the latter position is much preferable.

Phil Byrd, who use to reside in Dahlonega, was appointed assistant adjutant general with the rank of colonel, by Gov. Canfield last week.

S. L. Almond, a prominent merchant of Conyers, absconded the other day with between \$40,000 and \$50,000 of other people's money. He was agent for several fertilizer companies.

The quartermaster general has made arrangements for bringing back to this country the bodies of American officers and soldiers entered at and in the vicinity of Santiago, Cuba.

One of our exchanges thinks President McKinley's trip South would have had a better effect on the people if he had have removed all the negroes appointed to hold office and put white men in their places. We think so too.

D. T. Telfair, who has advertised himself as manager of the Electrolytic Mining Co., with a capital stock of a billion dollars, was arrested in Atlanta the other day on a charge of larceny after trust, having refused to pay for \$15.00 worth of shoes purchased from a local concern.

Atlanta's new jail seems to be a source of much trouble. A committee from the grand jury has been examining it and finds that the soft iron yielded to strokes of a pocket knife. The sanitary condition is reported to be bad and it is likely that the grand jury will recommend a good sum of money on the structure which has already cost Fulton county \$200,000.

It seems from the tone of a letter written to Gov. Canfield from Maj. Wright Agent, War Department, that the national government will care for the graves of Confederate soldiers. He writes as follows: "Will you kindly inform me at your earliest convenience in what places in your state there are confederate cemeteries and the number of interments in each?"

A few days ago Miss Patterson, residing in Hall county near the line of Lumpkin, was accidentally shot which may yet prove fatal. A gun was resting behind the door against the wall of the house which fell as she pushed back the shutter, causing it to discharge and the whole load took effect in one of the lady's legs. Both Dr. Castleberry of Hall county and Dr. Smith of New Bridge were sent for to treat the wound.

Will Mining in Georgia Pay?

This question has so often been answered (by those who know) that it will pay. It has been fully demonstrated beyond a doubt. Five tons of ore taken from eight different veins here concentrated on an Embury Concentrator and the concentrates sent to Prof. Thies at the Hale mine and chlorinated by him who saved 95 per cent. of the values. It is true that the ores must be treated so that the values will be saved. These ores will have to be treated by a chlorination or cyanidation to save the values that are in the sulphuretted material. When this is done it will prove to capitalists that there is no better or safer investment than in gold mining in Georgia. We do not pretend to say that there is big money in working for the free gold only, as the largest percentage of the gold is in the sulphides, as has been proven by the Dahlonega Consolidated Gold Mining Co. Since they have begun mining operations they have made seven different assays from a large body of ore at the Hand mine, which is 200 feet across, and the average assay is \$17.75 per ton. This large mountain of ore standing up 80 feet above the open cut, was left by the former owners of this mine on account of being too poor to work as a free milling proposition, the gold being in the sulphides which are rich. Francis Lynde, a noted writer in a late article on the mining here, published in the Toledo Bee says, "Nowhere in the world's gold fields are the industrial features of gold mining more evident than in and around Dahlonega, Ga."

Capitalists are coming here every week by the dozen to investigate the mines, all of whom go away satisfied that there is plenty of gold here and that mining in Georgia will pay.

The U. S. Court re-convened in Atlanta this week but the session will be short. During the past twelve months 900 cases have been tried, of which about two-thirds have been convicted. The number of criminal cases now pending is estimated at about 1,200. Only civil business will be transacted during this term.

It is predicted by business men that this will be a prosperous year.

Just a Cough

Not worth paying attention to, you say. Perhaps you have had it for weeks. It's annoying because you have a constant desire to cough. It annoys you also because you remember that weak lungs is a family failing. At first it is a slight cough. At last it is a hemorrhage. At first it is easy to cure. At last, extremely difficult.

Ayer's Cherry Pectoral

quickly conquers your little hacking cough. There is no doubt about the cure now. Doubt comes from neglect. For over half a century Ayer's Cherry Pectoral has been curing colds and coughs and preventing consumption. It cures Consumption also if taken in time.

Keep one of Dr. Ayer's Cherry Pectoral Plasters over your lungs if you cough.

Shall we send you a book on this subject, free?

Our Medical Department. If you have any complaint whatsoever, send us your name and address, and we will send you a book free. You will receive a prompt answer. Write to Dr. J. C. Ayer, Lowell, Mass.

Mining Dots.

The Stewart stamp mill near Auraria will be completed in about a couple of weeks. Capt. John Trull informed us last Saturday that he had his pipe line completed and would be ready to go to operating on the Chastate property this week.

Some one stole a piece of rubber hose down at the Watts mine one night last week, which greatly retarded his work on account of not being able to use his giant.

The Consolidated Co. have raised the wages of most of their laborers to 90 cents per day. This is a move in the right direction. The laborer is worthy of his hire and this increase in wages will be beneficial to the company in the end.

At the works of the Dahlonega Consolidated Gold Mining Co. they have opened up a large body of ore and have fifty men at work taking it out.

At the Hand mine they are blasting down the ore at the Breyman lode. They have two cars running, one a box and the other a platform car. Ore is being put on the dump in pieces that will weigh half a ton.

At the Findly they are getting into the so called five feet chute of the Thomson vein which is panning well (as Roberts, the man who has charge of the mine, says "hit's a sight.")

The Doghead vein at the Barlow shows free gold at every blast that is made. The New York is showing up well.

Preparations are being made to open up the rich Ogle chute where Bill Beck did the last work, who says that the last two buckets of ore taken out were worth \$2,000.

The Dahlonega Consolidated Co. have 100 hands on their payroll.

The Singleton mill is moving right along day and night on ore that doubtless pays well and they wouldn't continue to crush it.

The mill at the Kentucky, better known as the Preacher mine, is now running on ore from the Wallace vein which was struck one day last week. The ore shows gold and it is unnecessary for us to say that it is good.

New Road Commissioners.

Judge Tate has appointed the following road commissioners for Lumpkin county to serve two years:

Auraria—J. T. Miller, James Cottrah, J. F. Bruce.
Crumby—James Grindle, L. L. Christy, Geo. Beasley.
Cane Creek—James Ridley, L. M. Marlow, Henry Lee.
Chastate—H. J. Stancil, Allen Jarrard, Joseph Miller.
Davis—Earl Davis, Hardy Perdue, N. H. Satterfield.
Dahlonega—T. H. Wimpy, J. H. Brown, J. W. Hulsey.
Frog Town—W. S. Davis, Geo. B. White, J. W. Stancil.
Hightower—Jerry Black, Marcus Lee, Casper Self.
Jones' Creek—Jackson Moss, J. J. Turner, Wm. Garrett.
Mill Creek—W. J. Burt, H. S. Brackett, J. H. Webber.
Martin's Ford—John Wacaster, Wilson Head, Thomas Bowers.
Nimblewill—John Cochran, M. C. Long, T. W. Waters.
Porter Springs—J. M. Duckett, J. A. Elliott, John McDonald.
Shoal Creek—Wesley Evans, J. B. Stringer, John Redmond.
Wahoo—Alfred Huff, John Bowers, Y. G. Abercrombie.
Yaloola—Barry Jarrard, Jos. Caldwell, Allen Calhoun.

Our friend W. E. Walden, who subscribed for the NUGGET and had it sent to Murrayville about two months ago sends us word that he has only received two copies. It is certainly the fault of the post master over there for we send it enclosed in the same wrapper with our other subscribers at that place. If there is any more complaint we will report the postmaster to the department.

A new lot of overcoats just received at J. F. Moore.

Our Public Schools.

The board of education of Lumpkin county held a very important session this week. Besides fixing the school term at five months and requiring the average attendance not to be less than 15 for each school, they appropriated the necessary money for repairing several school houses in the county besides assisting the patrons to build new ones in some instances. The following amounts were donated, those schools receiving more than \$50 it was either where they received none last year or is to be deducted out of this year's funds: Pleasant Ridge \$75.00. Oak Grove \$75.00. Early \$50.00. Davis \$50. Lower Cane Creek \$50.00. Soule's Chapel \$23.75. Auraria \$100.00. Mt. Gilead \$100.00. Frogtown \$50.00 and \$50.00 more if necessary and \$5.00 to purchase a school house site. Macedonia \$50.00 and this much more if necessary. So there will be no excuse hereafter for children not going to school in this county. Surely when the state builds the school houses and pays the teachers parents will send their children to school. The teachers salaries are the same as last year, \$15, \$20 and \$25 per month.

Our Holiday List of Subscribers.

The following is the list of new subscribers we have received during the holidays besides a number that have renewed:

V. R. Hicks, Hoyle, Ga.
J. B. Stringer, Grace, Ga.
Isaac Rucker, Half Way.
J. M. Miller, Leo.
James Austin, Half Way.
C. M. Head, Nolan.
W. P. Gillispie, Half Way.
J. R. Palmour, Dahlonega.
Rev. L. L. Landrum, Dahlonega.
Rev. D. M. Edwards, Dahlonega.
Luther Walker, Dahlonega.
John Wood, Jr., Dahlonega.
James A. Grizzle, Sr., Dahlonega.
A. D. Jackson, Dahlonega.
W. H. Soseby, New Bridge.
Mrs. M. A. LaPrade, Atlanta.
Mrs. L. W. Arrendale, Neeleyville, Missouri.
Henry Underwood, Dahlonega.
H. F. Anderson, Dahlonega.

Delicate Children

They do not complain of anything in particular. They eat enough, but keep thin and pale. They appear fairly well, but have no strength. You cannot say they are really sick, and so you call them delicate.

What can be done for them?

Our answer is the same that the best physicians have been giving for a quarter of a century. Give them

Scott's Emulsion

of Cod-Liver Oil with Hypophosphites. It has most remarkable nourishing power. It gives color to the blood. It brings strength to the muscles. It adds power to the nerves. It means robust health and vigor. Even delicate infants rapidly gain in flesh if given a small amount three or four times each day.

You and \$1.00; all druggists. SCOTT & BOWNE, Chemists, New York.

NOTICE
GEORGIA—Lumpkin County. To whom it may concern: A petition of fifteen free holders of the 8th Militia District of said county, having been filed in said court petitioning for the benefit of the provisions of Sections 1772, 1773, 1774, 1775 and 1776 of the Code of Georgia, for an election for "no fence" or "stock law" in said District, therefore all persons are hereby notified that, after the expiration of 20 days from this date I will proceed to have an election held in said Militia District, at as early day as practicable, in which the question shall be submitted to the legal voters of said District in terms of the law. This January 6th, 1899.
W. H. C. TATE, Ordinary.

PUBLIC SALE.
Will be sold at the old homestead of Isaac Anderson, deceased, on Saturday the 14th of January, 1899, for cash to the highest bidder, a lot of corn fodder, shucks, cuts, farming tools, several head of sheep and horses. A breach loading shot gun and a silver watch. Sale commences at 10 o'clock.
W. B. ANDERSON.

CLOSING OUT OF THE RETAIL TRADE.

Having determined to go exclusively into the manufacturing and wholesale trade, we put on the market for what they will bring our entire stock of

DRY GOODS, DRESS GOODS,
Notions, Clothing, Hats,
Shoes, etc.

Fifty Thousand Dollars Worth of Goods to

Be slaughtered regardless of cost to us. Bargains for every body. Come quick. Get choice. Tempting bates offered merchants to replenish stocks. Will sell entire retail stock to some live man and secure him the largest established business in N. E. Georgia. Bring the cash. Nothing charged.

J. G. Hynds Manufacturing Company,
Gaainesville, Ga.

Are You Going to Build?

SPECIAL OFFER.—100,000 feet Flooring at \$8.00 per thousand. 100,000 feet Weatherboarding at \$8.00 per thousand. 100,000 feet Weatherboarding at \$6.50 per thousand. Write or call for prices on Sash, Doors, Mouldings, Brackets, Columns, Stair and Yarns Balusters, turned and sawed Shingles, Paints, Oil, Lead, etc., if you or your neighbors are going to build. We are manufacturing some lines of Furniture and Sashes that will pay you to examine them before buying. You will be the gainer. Solid Oak suits \$8, Solid Oak Dressers \$4.50, Solid Oak Beds \$1.75.

Queen City Planing Mill Co.,
J. G. Hynds Mfg. Co., Proprietors.

Hardware,
Mining Supplies,
Hats,
CLOTHING.

AND GENERAL MERCHANDISE.

You will find it to your interest to come and examine goods and prices before making purchases.

Respectfully,
J. F. MOORE

Town marshal Bruce killed a 250 pound porker last Monday.

Bony Tank was up from Auraria last Wednesday shaking hands with the boys.

J. F. Moore has been down to the Big Joe for several days, looking after his mining interests.

It will be seen from a notice elsewhere that we are going to have a stock law election in the town district.

We had the pleasure of shaking the hand of our old friend Rie Arrandale, of Auraria last Monday.

We got the names of Tom and John Sullins mixed up last week. It's John that loves dolls and not Tom.

City marshal Bruce has withdrawn from the marshals race since the new council has decreased the salary of marshal.

Ten peace warrants were issued, being the result of Turkey Bill Postell's matinee at the Yahoola barroom last week.

Now is the time to subscribe for your county paper and buy yourself rich from the large amount of unreturned land which the tax collector is going to advertise shortly.

Marshal Bruce goes out of office to day with everything showing up correctly in his office affairs. He has made a good officer and retires with the thanks of the town.

Dealers in cigarettes should bear in mind that a bill passed the last legislature placing a tax of \$5 on all dealers and in default are subject to fi. fas. being issued against them.

J. F. Moore has received a new supply of clothing from \$8.75 up to \$12 per suit. Also boys and youths extra pants. Army regulation overalls. Also a few capes to be sold regardless of price.

It is said that Geo. W. Walker, Sr., and J. H. Walker had a difficulty up in Yahoola district a few nights ago. Cause: Both said to be paying their respects to the same fair damsel—the queen of the mountains.

Hiram Duckett, an old citizen of this county, and his four boys have been married twelve times—we do not mean to say that each one has been married that many times—and his youngest son is living with his fourth wife.

No sales by the sheriff last Tuesday. All were settled off except the one of The State Banking Co. vs. M. R. Moore et al. and a claim bond was filed by D. F. Anderson who claims the ownership of the property advertised.

Geo. Walker, the bailiff of Yahoola district, has a lot of beads leveled on to sell on the 14th inst. No doubt the little inmates of these stands will make it interesting for the constable as well as to the purchaser on that day. Yahoola is still in the lead.

It is said that Andy Coldwell, Squire Wilkins and Thomas Coldwell, of Yahoola district, who went across the Blue Ridge with the expectation of spending Christmas when some of the Union county boys got after them and made them shifty on their own side—the Justice not even excepted. Then it is claimed that they got into a row and fought all the way down to the foot of the mountain, tearing up the ground like a scoter plow.

Late Tuesday afternoon while Miles Ray, a son of James Ray, was out hunting near his home a few miles from town, and resting his gun on the ground the hammer came in contact with a clay rat, causing the weapon to discharge and the whole load of shot to pass through one of his arms close up to the shoulder, tearing the flesh and breaking the bone in a fearful manner. It is said that the wound is of such a nature as it is believed that the boy will die. His father is away from home in North Carolina, so we are informed.

Highest cash price paid for 500 bushels of corn in the ear by B. R. Meaders & Sons, Dahlonega Ga.

J. F. Moore is the only merchant that keeps the Ballard's Obelisk brand of flour, the best grade known.

The young folks of Dahlonega have been enjoying a party nearly every night for two weeks. Oh that we were young again.

Joe Brown of Wahoo district, killed a rabbit last week having five perfect legs and feet, and still with this extra foot it couldn't run fast enough to get out of the reach of Joe's gun.

Appraisers were appointed last Monday for the estate of John B. Graham, by ordinary Tate, being Henry Duckett, John Rider, B. O. Jones, John Walden and one other person whose name we failed to get.

The only horse that Wm. Bryson possessed died the other day with the blind staggers, supposed to have been caused by eating rotten corn. Several of his neighbors' cattle had them but recovered.

Frank Chapman, after a lingering illness of about eight years breathed his last yesterday morning. He was a kind hearted young man and had a host of friends who regret his departure to the world unknown.

They had a Christmas tree at Mt. Gilliland church and it is said that some smart "Alecks" had to put three or four dead rabbits on it as presents. Such as this is very discouraging to the little children for which Christmas trees are intended.

A fiddler and his wife residing across the Chastetee river both got tight during Christmas and wanted to fight a gentleman caller. The fellow got outside of their premises, opened his knife and extended to them an invitation but it was not accepted.

Mrs. A. G. Wimpy is still dangerously sick and it is feared by her many friends that she will not recover. Mrs. L. Q. Meaders and Mrs. Reese, are improving. Mrs. Meaders has been sick quite awhile while Mrs. Reese has been sick only a few days.

Our notice last week that the pension blanks had been received by the ordinary certainly caused the veterans and veterans widows to come into town last Monday from every portion of the county. It was certainly a busy day with the ordinary, who worked until long after night filling out their blanks.

The newly elected county of ficers came in last Monday and donned their official robes. There was no big do about the matter like the inauguration of the governor. Not even the explosion of a fire cracker. The outgoing sheriff and clerk have held the offices for several terms, made excellent officers and left no room for grumbling. If the new ones do as well as their successors it is all that can be desired or expected.

The dog law in Dahlonega will likely be changed. Heretofore the city marshal received nothing for the collection of this tax, but since the reduction in the marshals salary, and in order to make him more active in the collection of this tax, an ordinance will be introduced at the next regular meeting allowing the marshal a certain per cent for the collection of all the dog taxes or 90 cents for each one he kills where the owner refuses or fails to pay the tax.

We notice that the Macon Telegraph's Atlanta correspondent says that the comptroller general has notified the Governor that the tax collector of 17 counties (giving names of counties) and 22 receivers have failed to make bond according to law and that the governor is at liberty to declare their positions forfeited and order new elections. Lumpkin county is among the number of receivers, which must be a mistake, as our receiver has long since made bond and we suppose that it has been sent off.

The people are realizing which side of their bread is best buttered is why we are getting so many new subscribers.

Ex-sheriff Brooksher has moved into his building in the Northern portion of town where he will likely go into business later on.

Miss Julia Bowen, of Sparta, is in Dahlonega as the guest of Mrs. Lina Boyd, who will likely remain some time in our city.

There was a closer collection of taxes during the year just closed than at any previous year since the war. All collected except a little over a hundred dollars. This denotes prosperity and fully demonstrates that the citizens of Lumpkin county are on rising ground.

Last Saturday some excitement was caused when it was believed that the court house was on fire. The clerk had thrown a lot of old papers in the fire place, which set the soot in the chimney a fire and filled the room full of smoke. It was not long before the town marshal and ye editor were up in the garret of the building with a lighted match in search of the fire.

Last Saturday being the end of the old year mayor pro tem McGee decided that he would relieve some four or five persons of fines which he had imposed upon them some days ago for popping fire crackers a few days before Christmas. So he had the marshal to gather them together, which wasn't a very difficult job, and remitted their fines. It was so near Christmas and the crackers were bursted so far out of town, and no body hurt is why he did it.

M. G. Head, the recent purchaser of the Burnside House, has ordered the necessary lumber and hopes to be able to put the carpenter to work on the building next Monday morning. Mr. Head will spend about \$700 on the structure and put it in tip top shape for hotel purposes, and no doubt in a short time the doors of this hotel will be thrown open to the public again. It already presents a lively appearance as it has both the post office and a store in it now.

It is quite likely that the Dahlonega Gold Mining Co. will build a hotel and business house on their property near the old stand of F. J. Williams & Co., not being able to secure one on suitable terms nearer the public square. They had an eye to renting the old Besser House, but Capt. Hall, the owner, didn't wish for whoever run it to keep any transient boarders except outside of the members of their company, if they did it would have a tendency to injure his other hotel. This of course didn't suit the company and they will proceed to make other arrangements.

Narcissy Stephens, col., was arrested and tried last Monday for taking a bed belonging to that tall negro woman who lives in town. The defendant claimed that the negro owed her for her lodging is why she carried home this useful household article. However, she was required to give a small bond for her appearance at the next term of Lumpkin Superior Court as a mere form as Narcis is a woman that can't be scared away from Dahlonega by any means. If she was sentenced to be sent to the chain gang it would be a hard matter to get her away from here.

It seems that our informant was very much mistaken about a preacher being drunk over in Wahoo during Christmas, for we have learned that there is only one minister over there and that is Rev. J. N. Austin, who was down in Hall county running a protracted meeting the time the big fuss got up Christmas. Let no one try to injure preachers by making misstatements concerning them, especially of this nature, for a good minister is a great help to any community, but a bad one who is full of deceit is not fit for the devil. We do not belong to the church but would not live in a country long where there are no preachers nor churches.

Last Sunday the minister had a large congregation. Christmas was over and they were setting new resolutions.

You will find it to your interest to read the advertisement elsewhere headed "public sale," if you wish any horses, sheep, corn, fodder, etc.

Hotels seem to be in demand in Dahlonega. Mr. M. G. Head tells us that he has already had four different applications from parties desiring to rent the Burnside House.

Dirt will be broken preparatory for the erection of the new Presbyterian church as soon as the weather moderates, on the corner just across the street from H. D. Gurley's residence.

A marriage occurred in the upper portion of the county Thursday last week, J. B. Duckett and Mrs. Sarah Anderson being the contracting parties. Rev. W. H. Spencer officiated.

The great war veterans have not been forgotten in this county. A little fellow recently made its appearance in the upper portion of the county and its name is: Wm. Dewey, Sampson Beasley.

Last Monday wound up Christmas with the college faculty and students and on Tuesday morning the familiar ring of the college bell called them all together again beneath the roof of this noble institution which is doing so much good throughout Georgia.

B. E. Bullock, M. A. Scott, R. C. Packard and G. A. Kirchmaier, of Toledo, O., after spending a couple of days looking over the mines departed for their homes last Saturday apparently all well pleased with the outlook, likely enough to make an investment.

There is now a steam saw mill on the Barlow property in full blast belonging to J. F. Bruce and two of A. F. McDonald's sons, turning out lumber, shingles, etc., at a rapid rate—lumber dressed or undressed. This is an industry that helps to build up the country.

A gentleman sent to Atlanta last week for a price list of printed letter heads and envelopes, who found that we printed them about a dollar cheaper on the thousand. He said he believed in patronizing home industry especially when we worked so much cheaper and gave us the job.

John and Bob Barker and the negro Austin, who were bound over for illicit distilling, were carried to Atlanta where they plead guilty before Judge Newman and were sentenced to imprisonment. These settlement illicit distilleries always, sooner or later, get every one concerned in them into trouble.

Rev. W. G. Spencer, of Porter Springs district, has petitioned the ordinary to have a lot of land, which he recently bought in Frog Town district, cut off into his district, in which the stock law is in force. A big majority of the citizens of Frog Town district who do not want the stock law any closer to them than it is, have filed a protest against such a change. It is a matter that is discretionary with the ordinary who will likely render his decision in a few days.

Mr. and Mrs. Goo. Rodgers, who reside in Fannin county have had nothing but trouble heaped upon them for a number of years, most certainly deserve the sympathy of all. About five years ago while one of their sons was coming down the "Sugartree" hill, some two miles from Dahlonega, his team ran away injuring him so that he died in a short time afterwards. Within a short time there after a second child was killed accidentally by another one of their children in Fannin county. Later on another one of their children swallowed a thimble and died. Then recently during the holidays, one of their sons shot and killed his brother during a quarrel while the mother was present trying to stop the row, making four children these parents have lost within the past five years, neither one of them dying a natural death.

Dr. N. F. Howard has not yet recovered so as to be out.

E. E. Crisson, who has been confined to his room for some days on account of sickness is improving.

Mrs. Mary Hutcheson, of Hall county, has been in Dahlonega for several days at the bed side of her sick sister, Mrs. A. G. Wimpy.

The Gainesville mail has been late several times recently, but has reached here time enough to turn round and return the next morning.

S. G. McClure, of Columbus, Ohio, and M. J. Healey, of Delaware, Ohio, were among the visitors here this week looking over the mines.

Bear in mind that a cross mark on your paper means that your time is up and after giving you a reasonable time for you to renew and you fail to do so we will mark your name off of the book.

There are now six candidates in the field for constable of the town district to-wit: J. B. Anderson, G. W. Grizzle, W. W. Crisson, J. C. Williams, Albert Wheelchel and J. H. Walker.

J. M. McGee, formerly of Union county, but now of Porter Springs, was in Dahlonega Tuesday. Some months ago he was admitted to the bar and is now practicing law, school teaching and farming. We wish him success.

We never heard of people electioneering for road commissioners place until this year. There were several applications from Hightower district. Their names were written on slips and put in a hat and the required number drawn by a Dawson county man. If they fail to have the roads put in good shape Judge Estes will make them wish they never had have seen a public road.

There is a negro residing in Dahlonega who is going to get into trouble if he is not careful. He has been paying his respects to a white woman living a couple of miles from Dahlonega for several months, in fact he spends the most of his time at this woman's house, so told us by the females brother the other day. It is said that arrangements were being made during Christmas to give him a good flogging but for some reason the program was not carried out. The devil is not doing his duty or he would take in all such hypocrites. His church should disjuse him at least.

Last Monday night the old town council wound up its business and turned the books, papers and money over to the new members who were installed and now have charge of the city. Before the old council retired however, it made a dive down into the city treasury and drew out \$25 and handed it to M. J. Williams, the treasurer, as a reward for his services as such for the year 1898, leaving only \$90.90 to pay off a \$275 school debt which falls due first of July, after our citizens have been chewing home made tobacco and drinking sweetless coffee all the year in order to help this honorable body prepare to meet the big school house debt which is hanging over our heads. This occurred only one before since the town has been incorporated, but it was at a time when we could see how to make both ends meet with no big outstanding debt. But "let her go Galgaher." There is plenty more money here but it is in the ground and difficult for a town council to get. As soon as the new council was empowered by law to act it went to work and reduced the salary of town marshal from \$25 to \$15 per month and postponed the election of a marshal until tomorrow at 2 o'clock, p. m. H. D. Ingersoll was elected mayor pro tem, G. McGuire treasurer and W. J. Worley, secretary. The following committees were also appointed: Street and Sanitary: G. McGuire and H. D. Ingersoll with Dr. Jones. Finance: E. B. Vickery and W. J. Worley.

Have you set your resolutions for the new year yet?

Mrs. Lina Stiton has moved into the Hughes building.

A. M. Stiton, of Dawsonville, visited our office this week.

The junior editor of the Signal spent a portion of the holidays in Gainesville.

When the balliff's election ends tomorrow it will wind up the elections for near two years.

We wish you all a happy, prosperous new year, trusting that it will be one of peace and plenty.

Another hotel will have to be opened in Dahlonega in order to accommodate the many visitors that have turned their attention to our gold fields.

Mrs. Andrew Thompson accompanied by her sister-in-law, Miss Estell Thompson, of Hall, came up and spent the holidays with Mr. and Mrs. R. Palmour, the farmers parents.

Read the article on the first page under the head or "Father is a drunkard and mother is dead," written expressly for the NUGGET by a young lady. You will find it interesting.

H. A. Nuckolls, an old student, who married a Miss Gurley in Dahlonega, is now principal of the High School at Webb, Ga. This will be good news to his many friends in Dahlonega.

A merchant was grumbling the other day about times being dull and hard. It was one of those that never advertise. Invite the people to come to see you through the columns of the newspaper and then they will make a call.

The County School Commissioner has about paid off all the teachers. By referring to an article on the first page of today's paper you will see the plan suggested by the State School Commissioner for teaching in the future.

The first day of New Year was bright and sunny, permitting those who wished to attend divine services. One fellow got on a little high head and came into town on an old mule, rode through the streets to the amusement of the spectators endeavoring, we suppose, to represent Balam and his ass.

R. Palmour, one of Dawson county's most prosperous farmers gave this office a pleasant call this week, not forgetting to add something to the editor's contribution basket before he left. Mr. Palmour makes frequent visits to our town since moving his family here, who has both sons and daughters attending our college. Dawson county is well represented in this institution of learning.

As our readers will remember that during the last session of the Methodist Conference at Augusta the presiding officer got after some of the preachers with a sharp stick for failing to pay their debts, which caused a considerable stir in that direction, and will no doubt make some of them more careful in the future. The Baptist brethren should also have some kind of a guide to see that their ministers walk the chalk line and not handle the truth as careless as some of them do. Teach them that it is as much harm to tell the printer a false as any one else. Two years ago a couple of these mountain divines residing in the upper portion of this county—one in Chastetee district and the other in Frogtown—subscribed for the NUGGET, saying that they would pay for it soon thereafter. At the expiration of twelve months neither one of them hadn't paid and haven't yet. We have sent them their accounts twice, but no reply. One of them was in town the other day but he didn't even turn his head towards the office. All we have to say is this: They can get up in the pulpit and rear and foam at the mouth as much as they please, but if they continue doing people this way their chances for heaven are slim. It is dangerous for any one to lie to a printer and more so for those who pretend to preach.

pounds well to liberal fertilization. On corn lands the yield increases and the soil improves if properly treated with fertilizers containing not under 7% actual

Potash.

A trial of this plan costs but a trifling sum and is sure to lead to a profitable culture.

Our pamphlets are not advertising circulars boasting special fertilizers, but are practical works, containing the latest researches on the topics of fertilization, and are really helpful to farmers. They are sent free for the asking.

THE NEW WAY.

Wine of Cardui

WOMEN used to think "female diseases" could only be treated after "bloody examinations" by physicians. Dread of such treatment kept thousands of modest women silent about their suffering. The introduction of Wine of Cardui has now demonstrated that nine-tenths of all the cases of menstrual disorders do not require a physician's attention at all. The simple, pure

GETTING READY FOR PENSIONS.

Pension Commissioner Johnson Is Hard at Work in Atlanta.

We find the following letter in the Columbus Enquirer-Sun written from Atlanta, which will be interesting to pensioners:

Pension Commissioner Richard Johnson is hard at work preparing the vouchers for the payment of pensions to indigent Confederate veterans. The legislature appropriated for this year \$238,000 for indigent veterans and the disbursement of this money will begin on January 15th.

The appropriation is \$38,000 larger than it was for 1897 and 1898, and this constitutes most of the additional amount given to pensioners by this legislature. The indigent pensioners receive \$60 a year each.

The widows of Confederate soldiers will be the second class to receive pensions. Commissioner Johnson expects to begin the payment of their claims between the 1st and 15th of February. The amount paid to this class is \$90 per annum and the appropriation for this year is \$230,000.

The payment of widows' pensions will require about three weeks, and as soon as that work is completed, say about March 1st, the payment of invalid pensions will begin. The appropriation for this class is \$192,000 which is an increase of \$2,500 over the amount appropriated for the years 1897 and 1898.

The amount received by the invalid pensioners range from \$150 down, according to the extent of the injury received in the service of the Confederate government. For total disability the maximum amount is paid, and for other injuries according to degree.

It is an interesting but sad fact, that as the veterans grow older, many of them with slight injuries are transferred to the indigent list. As old age comes on it finds them unable to work and without means of support.

Mr. Johnson says it is an invariable rule that a large number of indigent pensioners are found in the vicinity of a cotton factory. Their wives and daughters and sometimes their grandchildren, work in the factories and the old soldier hobbles along after them, coming up to the county seat once a year to get his indigent pension.

It is also true that a good many now on the roll of indigent pensioners would not think of applying for payment under that head when the appropriation was first made. Seeing their neighbors do so, they finally got over their repugnance to being considered indigent.

The law provides that the counties shall provide food and shelter for any Confederate soldier who cannot provide for himself, and says they shall not be sent to the almshouse.

If the counties perform this duty and the state adds \$60 a year for each of them, they will be fairly well provided for in their old age.

The average age of indigent pensioners, as shown by Commissioner Johnson's report, is 68 years, and they were 30 years old when the war began.

To the Public.

We are authorized to guarantee every bottle of Chamberlain's Cough Remedy and if not satisfactory to refund the money to the purchaser. There is no better medicine made for the gripple, colds and whooping cough. Price, 25 and 50c per bottle. Try it. F. W. Hall Mfg. Co.

Proverbs Repointed.

A boil in the pot is worth two on the neck.
A bird on toast is worth a dozen in the bush.

Straw hats usually show which way the wind blows.
It is the early fish that catches the worm—hook and all.

Spare the rod, and the chances are you will catch no fish.
People who live in glass houses should pull down the blinds.

Charity covers a multitude of amateur theatrical performances.
There is always room at the bottom—of the early strawberry box.

The darkest hour is always when you can't find the matches.
It's a wise acre that can get itself divided up into building lots.

Where ignorance is bliss, it's folly to establish night schools.
To the victors belong the privilege of fighting over the spoils.

Fools rush in where angels wouldn't care to be caught by the police.
Men may come and men may go, but the gas meter goes on forever.

Conspiracy may be a jewel, but the pawn-broker doesn't recognize it.
The way of the transgressor, as a general rule, is to plead not guilty.

Those who make hay while the sun shines, are the most liable to get sun struck.
Birds in their little nests agree, because it would be poor policy to fall out.

Every dog has his day, and every other dog thinks how much nicer it is than his day.
The milk of human kindness dispensed by some people tastes very strongly of the can.

All things come to him who waits; but it doesn't pay to hold your breath till it comes.
Two heads are better than one—if you are looking for an engagement in a dime museum.

Cleanliness may be next to godliness; but it takes lots of advertising to sell soap nevertheless.
The banister of life is full of splinters, and mankind slides down it with considerable rapidity.

If the lam and the lion ever lay down together in this country, when the lion gets up the lamb will be missing.
Bread may be the staff of life, but a saddle of mutton helps us along on the journey wonderfully.

Music may have charms to soothe the savage but it's the popular airs that give him that tired feeling.
Man lives not by bread alone. It's a mean free lunch that does not embrace tripe, pickles and pig's foot.

It is never too late to mend—unless your trousers' button breaks off while you are running to catch a train.
To the pure all things are said to be pure; but don't think for a minute this includes boarding-house butter.

How to Prevent Pneumonia.
You are perhaps aware that pneumonia always results from a cold or from an attack of the gripple. During the epidemic of the gripple a few years ago when so many cases resulted in pneumonia, it was observed that the attack was never followed by that disease when Chamberlain's Cough Remedy was used. It counteracts any tendency of a cold or the gripple to result in that dangerous disease. It is the best remedy in the world for bad colds and the gripple. Every bottle warranted. For sale by F. W. Hall Mfg. Co.

Georgia Convicts.

The lease on Georgia's convicts expires on the 1st of April. On that day the present lessee will turn them over to the state, which, in turn, will turn them over to the lessee under the new law.

All the able-bodied convicts have been rented out at an average rental per year of \$99.13, and the total income to the state will amount to nearly \$200,000. The numerical distribution is as follows, the name of the contractor preceeding the number of convicts assigned and the price paid per annum:

James M. Smith, 100, \$102; Cruger & Pace, 50, \$102; Oanda Lumber Company, 100, \$102; B. H. Heard, 400, \$101; Donaldson Lumber Company, 101, \$101; A. B. Steele, agent 150, \$101; Baxter & Co., 500, \$98; W. B. Lowe, agent, 700, \$98.

There are some two hundred women, infirm men and boys in the penitentiary. These will be located on the farm, recently purchased for the state by the prison commission. Buildings will be erected and everything made ready to receive this class of convicts before the 1st of April. They will be worked on the farm, and at such other work as may be decided upon by the commission.—Macon Telegraph.

Looking for Bargains.

A Nebraska editor says: "The other day, when we were driving down town behind our family rhinoceros, we came upon an aged man tearing a bridge to pieces and placing it upon a wagon. As the bridge was one that we needed in our business, we asked the aged man what he was doing with it, and in which case why so, or words to that effect. He replied: 'My eyesight is poor and I have no spectacles with me. I understand that many advertisements are painted on this bridge, and I am taking it home in order that I may read them and find out where to get bargains. The long winter evenings are coming and I want to lay in a supply of bridges and fences and barn doors that I may sit by my fireside and read what the merchants have to say.'

"Are you confident that you can support my daughter?" asked the courtly old gentleman of the athletic youth who wanted to be his son-in-law. "Perfectly," replied the young man, as he straightened up with conscious pride in his strength. "I have held her on my knee every evening for six months, and you see how I am. Never more fit in my whole life."

Always keep a lump of rock salt in a little box beside your horse's manger. It will save turns of colic.

Truth crushed to earth, has a peculiar way of rising again and kicking the stuffing out of the consummate liar.

La Grippe Successfully Treated.

"I have just recovered from the second attack of la grippe this year, says Mr. Jas. A. Jones, publisher of the Leader, Mexico, Texas. "In the latter case I used Chamberlain's Cough Remedy, and I think with considerable success, only being in bed a little over two days against ten days for the former attack. The second attack I am satisfied would have been equally as bad as the first, but for the use of this remedy as I had to go to bed in about six hours after being struck with it, while in the first case I was able to attend to business about two days before getting down." For sale by F. W. Hall Mfg. Co.

McKinley in the South.

The most delightful place of President's visit to the South is the magnificence of his welcome from all classes of people. At every point visited, even at the way stations along the railways the Chief Magistrate has been greeted by the plaudits of the people. The ex-Confederate soldier has vied with the ex-Federal soldier in doing homage not alone to the President, but to the members of the distinguished party which accompanied him. At no stop in the President's tour has there been the slightest desire to treat him other than with that true hospitality which is famous wherever the Southern home is known. The President we are pleased to know, has joined in the fellowship with the same kindly feeling shown by the Southern people toward him. He seemed to delight in the expression of sentiments which delighted and thrilled his hearers because of their lofty patriotism and sturdy Americanism.

We are glad Mr. McKinley has been south twice within the past fifteen months; that he has met the best people of this favored portion of the union; and that he has learned from them that the Southern is as loyal to the flag and as good a citizen as can be found anywhere in this broad land. We are glad to know that he has learned to respect the people of this section more than he ever respected them before. It is also gratifying to know that the people of the South have learned to like Mr. McKinley; that they esteem him a patriot who is endeavoring to do his part for the advancement of all sections of reunited country. Contact with the Southern people will profit Mr. McKinley very greatly, and if he will remember always in all his official acts, that this is a white man's country, there will be few better beloved presidents than the Ohioan who retires from the White House. We feel that the President's visits have done much to cement the sections and that in the years to come the whole country will profit therefrom.—American.

What one Girl Has Eaten.

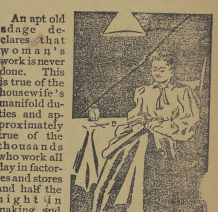

A remarkable case of abnormal appetite has come to the attention of physicians of Lynn, Mass. The sufferer is a girl about 16 years old. She is now in great pain and it is not expected that her life can be saved.

During the time she has been afflicted she has eaten books, newspapers, shoemaker's wax, starch and other things, and recently she devoured a pound of roasted coffee. The first symptoms of the development of the ailment came while she was reading. First she began tearing corners off the pages of a book, and finally she ate entire pages from a book after she had read them, so that by the time she finished the story little but the covers was left. In five weeks she read 12 novels and ate every one of them. She was employed in a shoe factory, and it was not uncommon for her to get possession of a quantity of wax and eat it with apparent relish. Her consumption of laundry starch was only limited by the supply. The climax came the other day, when she disposed of about a pound of coffee. After this she became so ill that physicians were called in.

The young woman is not insane. Up to the other afternoon, when she had a delirious turn, she was in full possession of her senses and knew the danger which threatened her if she continued her practices.—New York Sun.

WOMAN'S WORK.

An apt old adage declares that woman's work is never done. This is true of the housewife's manifold duties and approximately true of the thousands who work all day in factories and stores and half the night in making and mending their own clothes or sewing for others to patch out a meagre income. Women who are too much on their feet, or who are unable to stand the strain of over-work and worry, are peculiarly susceptible to the weaknesses and irregularities that are the bane of womankind. The symptoms of such derangements are insufficient or excessive menstruation, headache, backache, neuralgia, leucorrhoea, displacements and extreme nervousness amounting in many cases to hysteria. The use of monthlies is dangerous and examinations by male physicians are painful and unpleasant. Bradfield's Female Regulator, the standard remedy for a quarter of a century, will speedily and permanently correct the worst disorders of women. Bradfield's Regulator is sold by druggists at one dollar a bottle. Interesting and valuable books for women mailed free on application. THE BRADFIELD REGULATOR CO., Atlanta, Ga.

THE NUGGET.

DAHLONEGA, GA., JAN. 13, 1899.

Entered at the Postoffice at Dahlonega, Ga., P. O., as Second Class Matter.

Of the state convicts 938 are married men and 1290 single.

Several Americans have the yellow fever in Havana.

The inhabitants of the Philippine islands say that they are unwilling to surrender to strangers and will fight first.

Thos. J. Gibson, formerly a member of the North Georgia conference, has taken charge of the Hunter Commercial, of Rome, an afternoon paper.

It is claimed that the miners of the Southern states are desiring to form a union and a convention will be held in Gainesville some time in the near future.

The pay roll on the American railroads combined, officers and clerical staff included, amounts to about \$2,000,000 a day, or \$730,000,000 per annum.

Col. Wm. Jennings Bryan declared in his speech at Cincinnati the other day that we cannot annex the Philippine islands without securing the consent of the inhabitants.

News comes from Madrid to the effect that Col. Julian San Martin, who abandoned Ponce without any resistance when Gen. Miles landed in the island, has been given a life time imprisonment.

Mrs. Malissa Watkins, age 107 years, died at her home six miles north of Gainesville on December 22nd. She was born in White county in 1792 and had spent more than a century among the people of Hall county.

E. C. Flanagan, the double murderer, has been declared unfit for trial. After four previous convictions, in all probability he will be committed to the asylum, and permanently escape punishment of his murder of old Mrs. Allen and Miss Ruth Slack.

The editor of The Dahlonega Nugget is a philosopher as well as a humorist. There is more originality in his paper than any weekly published in the south, and if you don't think The Nugget is a gold mine, send for a copy and read it.—Atlanta Constitution.

The two negro regiments at Macon now under orders to be discharged from the service of the United States will not be mustered out in that city but sent home like ly. This is good news to her citizens for the turning of this many wild negroes loose there would get up trouble.

Gov. Candler has worked himself down and has gone off for a rest, on the advice of his physician. The "one-eyed plow boy" may find that it is harder work to hold down his present job than it was to follow the plow on his "Pigeon Roost" farm.—Columbus Enquirer-Sun.

A majority of the citizens of Union county voted to build the new court house in the woods in stead of at Blairsville. It carried by 17 majority but as the law required a two-thirds vote of the county favoring it, the structure will be rebuilt in Blairsville as soon as some points are decided by the Supreme Court in reference to the matter.

Alex Woodliff and Charley Williams, two heretofore highly respected young men of Gainesville, were arrested last week for stealing \$100 from the safe of J. B. Estes during the book keepers absence from the office. It was certainly a big downfall for these young men. One of them used to clerk in a drug store in that city but got to drinking so that he was charged. Afterwards he joined the loafers brigade together with his companion and this is the result. Strong drink and idleness always result in something bad and cause parents to weep and moan for their lost sons. Mr. Estes has since withdrew the prosecution.

The Mining Outlook for 1899.

The prospects for mining here for the next year never was more encouraging than it is at the present time. Capitalists who have for years been loaning money on interest find that interest shaving no longer pays, and that they must put it in something that will be more beneficial to them than loaning it.

In speaking of the situation in the West a Western man of wealth said to us, "There is plenty of money in the West that can be had at 4 per cent and a very few who want to borrow at that. A few years ago I paid 12 1-2 for money and made more money at that than I can now at 4 per cent."

The business of loaning money has passed by and men who have hitherto made money at it must seek other investments, and there is no better or safer investment that presents itself than mining here. Capital has turned this way and every one who has visited us lately is perfectly satisfied and most of them have invested in mining here. They have taken hold of property, not as a stock selling scheme or speculation, but as a legitimate business, as a safe investment for their money and they can make no mistake, as a rigid investigation will prove. The climate here is favorable. Work can be done outside all winter. There is plenty of wood and water and the dividends will be much larger than the low grade dividend mines of the West, as has been proven by tests made by the Dahlonega Consolidated G. M. Co.

We consider the time opportune for men of means to make investments, and we would say to them come and see for yourselves.

The ballads election in the town district was right lively last Saturday. There were six candidates and only two offices to fill. Some of them had liquor enough to give those who indulged a few snorts making them feel so good that as a substitute rotten apples were used to keep up "steam" the rest of the day; nothing being done however, to cause any cases to be recorded against them. J. C. Williams and J. B. Anderson were the two winners, but neither one will grow rich from the proceeds of the office as there is but very little money in them. Really it is hard to tell which is the best of the defeated or the successful candidates.

Keep Coughing

We know of nothing better to treat the lining of your throat and lungs. It is better than wet feet to cause bronchitis and pneumonia. Only keep it up long enough and you will succeed in reducing your weight, losing your appetite, bringing on a slow fever, and making everything exactly right for the germs of consumption.

Stop coughing and you will get well.

Ayer's Cherry Pectoral

cures coughs of every kind. An ordinary cough disappears in a single night. The racking coughs of bronchitis are soon completely mastered. And, if not too far along, the coughs of consumption are completely cured.

Ask your druggist for one of

Dr. Ayer's Cherry Pectoral Plaster.

It will aid the action of the Cherry Pectoral.

If you have any complaint which an ordinary cough, cold, or other ailment you can possibly obtain relief from, you will find it in this plaster. It is a prompt remedy that may be of great value to you. It is sold by all druggists.

GOLDEN HILLS OF GEORGIA.

Maurice A. Scott visits the Dahlonega Mines.

"It's a wonderful country, picturesque in its suggestions, not less for farming purposes, but rich in gold bearing rock. The 'crackers' cannot raise grass or grain on the foot-hills, but they can break the rock and pick up gold enough to satisfy their wants."

Maurice A. Scott has just returned from a trip to the Dahlonega gold mines, and the foregoing is the substance of his description of that remarkable country. "I spent three or four days there," continued Mr. Scott, "and saw no end for gold hills. These are foot hills of the Blue Ridge mountains, and some of them are 400 feet in height. I went through the mines and picked up specimens of rock which were afterwards taken to Mr. Phillips who, in connection with Mr. G. A. Kirehmer, assayed them. I broke a rock into small pieces, and, with my own hands, took out a small piece of free gold. I saw workmen blasting this rock and heaping it up for the stamp mills. I saw a magnificent water power, strong enough, it seemed to me, to run the greater part of Toledo's factories. Attach this power to your stamp mills, throw in the ore and the problem of money making is apparently solved."

"Of course I understand that the profit of these mines must come from the sulphides, an ore that the man not versed in mineralogy would throw aside as useless. In fact, it was impossible until very recently to extract the gold from this ore, but the discoverer of the chlorination process changed all this, and that which was, at one time, without value, is now the very one that most delights the miner's eye. The hills are made of this ore, and the beauty of it is, your raw product is located above your mills. All you need to do is push your rock and, give it a push and gravity does the rest."

"Have these mines been only recently discovered?" was asked by The Blade.

"Blessing, no. The natives were taking gold out of those hills over half a century ago. You will find deep gorges cut out where the miners have been slicing for gold. The water has a head of 200 feet, and it was utilized years ago in the mines. One of the most convincing proofs I had of the value of the mines was the fact that nearly every store keeper in that district is possessed of a pair of fine scales for weighing gold dust which they accept as cash at 90 cents a pennyweight. Nearly every inhabitant is possessor of a pan, and whenever the fancy seizes him he turns gold hunter. I saw several men at various times during my stay there washing for gold."

"Why is it then that these natives have not developed this rich property?"

"They are all Georgia 'crackers' without sufficient ambition to push an enterprise of this sort. I fancy that but for the war a great deal more would have been accomplished than has been. Eastern capitalists were interested and they built this water power, at an expense, I understand, of half a million, with the intention of developing the property, but about the time the war was completed the civil war broke out, and there was an end to mining operations. After the war, the owners of the mines did not care to invest more money and the property has been practically lying idle, only waiting 'for men of energy and enterprise to take up the work where it was abruptly stopped, and push it to a splendid success.'"

"Then you regard the property as valuable?"

"I would certainly say, yes, with the proper kind of management. It requires men of ability to convert such plants into money makers. Western mines, where the cost of mining is three times as

great and when the ore taken out is not nearly so rich have been made big dividend payers; why not the Dahlonega? But the business must be conducted on a large scale. The water power is there, sufficient to run a large number of stamps, and as I have said before, the cost of bringing the ore to the mills is almost eliminated. To all appearances, there is more ore than can be taken out in the next century or two. Now there is the whole argument in the nutshell."

"And how about the present manager?"

"Mr. President Adams and regard him as a very able, conservative man. Captain Ingersoll, the manager has been connected with the mines for years, and certainly understands his business. Mr. George Broyman of this city has so much confidence in Captain Ingersoll that when he was invited to go into the new organization, agreed to take an equal amount of stock with the Captain, and I am told that he did so, both purchasing a very handsome block of the stock. I took the trip for pleasure only. I am too old to make any new investment, but I must acknowledge that I was astonished at what I saw."—Toledo Blade.

Are You Easily Tired?

Just remember that all your strength must come from your food. Did you ever think of that?

Perhaps your muscles need more strength, or your nerves, or perhaps your stomach is weak and cannot digest what you eat. If you need more strength, then take

SCOTT'S EMULSION

of Cod-Liver Oil with Hypophosphites. This oil is the most easily changed of all foods into strength; and the hypophosphites are the best tonics for the nerves.

SCOTT'S EMULSION is the easiest and quickest cure for weak throats, for coughs of every kind, and for all cases of debility, weak nerves, and loss of flesh.

Get and \$2.00 at all druggists.

SCOTT & BOWNE, Chemists, New York.

GEORGIA—Lumpkin County.

To whom it may concern: W. H. Satterfield having made application to the court to be declared permanent administrator upon the estate of William Stringer, late of said county, notice is given that said application will be heard at the Court of Ordinary for said county, to be held on the first Monday of February, 1899. Witness my hand and official signature, this 9th day of January, 1899.

GEORGIA—Lumpkin County.

Notice is hereby given that W. P. Price, Administrator of the estate of Charles A. Besser, has in due form of law applied to the court of Ordinary for leave to sell the property of said estate for the payment of debts and for the purpose of distribution. Said application will be heard at the regular term of the court of Ordinary for said county to be held on the first Monday in February, 1899. Given under my hand and official signature, this 2nd day of January, 1899.

W. H. C. TATE, Ordinary.

PUBLIC SALE.

Will be sold at the old homestead of Isaac Anderson, deceased, on Saturday, the 14th of June, 1899, for cash, to the highest bidder, a lot of corn, fodder, sheeps, oats, farming tools, several head of steers and horses. A breach loading shot gun and public road watch. Sale commencing at 10 o'clock.

W. B. ANDERSON.

GEORGIA—Lumpkin County.

Whereas certain petitioners have made application to this court praying for an order granting the establishment of a new road commencing at the J. T. Grindle old residence running in the direction of D. W. Caldwell, by George W. Whites to the public road near Joe F. Sargents that leads to Dahlonega, Ga. And whereas commissioners appointed for that purpose have reviewed said road and report that it will be one of much public utility and convenience. Now this is to cite and admonish all persons that on and after the 1st Monday in February, 1899, said road will be granted if no good reason is shown to the contrary. Given under my hand and official signature, this 10th day of January, 1899.

W. H. C. TATE, Ordinary.

R. M. BRYSON,

Attorney at Law,

Dahlonega, Ga.

LUMPKIN SHERIFF'S SALES

Lumpkin, Lumpkin County.

Will be sold before the court house door in Dahlonega, Lumpkin county, Ga., on the first Tuesday in February, 1899, within the legal hours of sale, to the highest bidder for cash, the following property, to-wit:

Lots of land numbers two hundred and ninety-nine and three hundred, lying in the fifth district and first section of Lumpkin county, Ga. Said property levied on as the property of J. M. Thomas, to satisfy an execution issued from the Justice's Court of the 1551st District, G. M. of said county in favor of G. W. Emerson against said J. M. Thomas. Property pointed out by J. M. Thomas, defendant in fi. fa. Levy made and returned to me by J. M. Robinson, L. C.

Also at the same time and place upon the same terms will be sold lots of land numbers three hundred and eighty-two and three hundred and eighty-three in the 18th District and first section of Lumpkin county, Georgia. Said property levied on as the property of J. M. Thomas, to satisfy an execution issued from the Justice's Court of the 1551st District, G. M. of said county in favor of G. W. Emerson against said J. M. Thomas. Property pointed out by J. M. Thomas, defendant in fi. fa. Levy made and returned to me by J. M. Robinson, L. C.

Also at the same time and place upon the same terms will be sold lots of land numbers 928 and 972, a in the 11th district and first section of Lumpkin county, Ga., containing 1/2 each whole lot (19) forty acres more or less. Levied on as the property of P. H. Hinton, to satisfy a fi. fa. issued from the Just. Ct. of the 1252nd District, G. M. of said county, in favor of Nancy Wimpy, et al. Executors of A. G. Wimpy deceased, for the debt of B. R. Anderson against said P. H. Hinton. Property pointed out by B. R. Anderson, assignee. Levy made and returned to me by J. C. Williams, L. C.

This January 10, 1899.

J. M. Davis, Sheriff.

A Wonderful Discovery.

The last quarter of a century records many wonderful discoveries in medicine, but none that have accomplished more for humanity than that sterling old household remedy, Dr. Rorer's Iron Bitters. It seems to contain the very elements of good health, and neither man, woman or child can take it without deriving the greatest benefit. Rorer's Iron Bitters is sold by all druggists.

Read the numerous sales and legal notices in this issue.

Be sure and attend the sale out at the Ike Anderson place to-morrow.

G. H. McGuire has moved his jewelry store in the building next to Anderson & Jones.

A little six-year old child of Charlie Perdew, living out in Davis' district died last Sunday night.

We furnish either paper or envelopes and print them cheaper than you can buy the blank material. Come and see if we don't.

Miles Ray, who was so badly shot in the arm the other day, is getting along very well and quite likely will soon be out of danger.

The number of cases on the mayor's docket for 1898 is 43—fines ranging from one to five dollars, aggregating \$73.00, leaving off those that were remitted.

Andy Coldwell informs us that he was not a participant in the Union county row during Christmas. Neither was Tom Coldwell. They were mere spectators and were not troubled nor troubled one. Every thing on their part was peace and harmony.

Harrison Jones went over to Union county one day last week and brought back one of her fair sex, who is now said to be the happiest man in Chattoe district. The morning after he wedded Miss Portenbury he was out whistling Yankee Doodle with all the variations.

Our tax receiver showed us his commission the other day all properly signed up by the Governor, which he has had in his possession quite a while, notwithstanding some of the newspapers have had Lumpkin county's officer among the list of those who had failed to make bond.

The opposition to Rev. W. G. Spencer's cut off in Frog Town district is very strong, growing more interesting every day. The people of that district do not want any stock law in theirs. Judge Tate is of the opinion that he will not pass upon it until the February term of his court.

Last Monday night the boys had a good deal of fun in initiating the new town marshal as is the custom when one goes into office. After firing many rounds in different directions one fellow ran down to his house and reported that a boy had been shot, causing Worley to be up nearly all night trying to catch up with the mischief doers.

John Hester, the blind blockader, was in town last Tuesday. John is always accused of bringing liquor to town every time he comes whether he does or not. He is perfectly blind although he can walk a small foot log across Ya-hoola Creek with four gallons of liquor on his shoulder in jugs. So said one who knows, the other day.

We are requested to state that there will be no election of teachers for the Dahlonega graded school until the completion of the building which will be about the first of April. No time has yet been fixed for the beginning of the schools. It is deemed best by the board to have continuous sessions when they do begin and the supposition is that they will not commence until the early fall and then continue six months.

Some days ago Anderson Head, who favors the stock law, tore away a gate and 70 panels of fencing which protects his brother, Andrew Head's farm from the stock, which is not in the stock law portion of Cane Creek district. Andrew Head is opposed this law which causes the conflict between the two brothers. Andrew, in order to make a crop will have to have to swear out a warrant for his brother which action will begin next week if not otherwise settled.

The Nugget office is the place to get your job work done nice, cheap and promptly.

Joe Jarrard of this county, is burning all of his rotten corn for fear that it will create sickness.

Solicitor Charters will soon start out on his official duties. The first court held this month in his circuit will be Hall.

Cadet J. A. Lance, of Lumpkin county, while taking Christmas killed his first wild turkey. It is useless to say that he was proud.

Rev. W. H. Parks has moved into the old Baptist church which has recently been converted into a dwelling by its owner, Col. Price.

Miss May Reese and Clyde Meaders who have been down to Watkinsville, visiting relatives, returned last Thursday.

U. S. Deputy Marshal Grizzle informs us that he destroyed seven illicit distilleries along about Christmas week. This caused the men to weep and the women to rejoice.

J. A. Ferguson, the miller, requests us to state that he will take corn to mill every Tuesday and Friday afternoons, but will not be responsible for sacks unless they are marked.

Every incorporated town in the state has a report from the retiring council except Dahlonega. It is never known here how much is collected, how much is paid out or what goes with the money.

Yesterday morning while little Allen Anderson and Clayton, the eleven year old son of tax receiver Stargel were chopping wood, the latter boy was accidentally seriously cut by the former on one of his legs about half way between the knee and foot.

A large number of the new road commissioners are kicking because the ordinary has appointed them for two years. They know that it is a long road to travel especially when they have officers like Judge Estes who will see that they give an account of all missteps.

The squire was unable to get enough managers to assist him in holding the balliffs election in Dahlonega last Saturday on account of ordinary Tate saying that they would be paid nothing for their services in this election, who had to assist himself in order for the election to be held. This matter of not paying managers in this election will be presented to Judge Estes next court for his decision.

Elsewhere in this issue will be found the professional card of Col. R. M. Bryson who has recently located in our town for the purpose of practicing law. Mr. Bryson received his education at the N. G. A. College in Dahlonega and is well known to her people as being one of the most brilliant young men that ever went away from this institution to fight life battles. He has returned to our town and asks for a share of the patronage of Dahlonega and surrounding country. Give him a call.

The will of Mrs. Nancy Wimpy was read at 12 o'clock Tuesday, the most important points of which we note briefly as follows: Executors, F. L. Reese and A. W. Meaders, provided they will serve. In case they refuse Mrs. Reese and Mrs. L. Q. Meaders have the appointment. The home place was already decided to A. W. Meaders. Mrs. Reese and Mrs. Meaders get the mill during their lives, afterwards it goes to their heirs. The farm is given to Mrs. Reese, Mrs. Anne Smith and Guy Reese; old Academy to Mrs. Reese and Mrs. Annie Adams; Singleton House to Mrs. L. Q. Meaders, Miss May Reese and Miss Birdie Meaders; Warwick House to Willie Reese; Hawkins House to Louie Meaders; land near A. L. Wimpy's to Mrs. Castleberry, Miss Minnie and Sallie Hutchesson; lands near Auraria to Mrs. Annie Adams and Clyde Meaders. Other gifts of less importance. After giving a portion of the household furniture to certain ones the remainder is to be sold, proceeds of which to defray certain expenses.

W. D. Seaholt has been appointed postmaster at Gates.

B. R. Meaders and his son Frank left last week for lower Georgia to sell stock.

Thomas Tate will tear aggy the old hut on the corner fronting J. M. Brookshers and put up a comfortable dwelling at an early day.

There are already three blacksmith shops in Dahlonega and we understand that young Mr. Caven-der, who recently moved here, will put up another soon.

The other night some of the boys forced their way into the armory and carried away a lot of ammunition. Better be careful. This is Uncle Sam's.

If pensioners wish to know at what time to expect their money from the state let them read the article on our first page in reference to the matter.

When treasurer Jackson turned over his office to his successor he paid him \$2,431.27, which shows that our treasury is in a healthy condition, for the ordinary tells us that there are no outstanding debts.

A fellow illuminated our office the other day while it was dark and cloudy with his red bangs. But he had a dollar to invest in paper and we wouldn't have cared if his hair had been as red as a gobblers snout and touched the floor.

Subscribers who do not receive their papers regularly will please send us their complaint in writing so that we can send the notice to the department when the carelessness occurs so frequently, as has been taking place heretofore. Our subscribers must have their papers.

The stock law election which is to take place in the town district within the next few weeks, promises to be one of much interest as there are influential voters on both sides which will cause it to be a lively time. If it carries the poor man's child will cease taking its cup of milk.

Since Hobson has been out on a kissing expedition it has caused others to wish to act like him, and there is no telling when it will end, for they all enjoy it. A fellow who had only been down to Gainesville the other day grabbed the cook and kissed her on his return home in Auraria district and for awhile they resembled two little doves.

Postmasters frequently make mistakes. We received a card from postmaster Williams at Sautee, notifying us to discontinue sending the Nugget to G. W. Slaton, because it remained dead in that office. We do not send our paper to Mr. Slaton nor never did. Our subscribers up there take the Nugget out of the office and pay for it.

We have just received Mills' seed catalogue for 1899. It is a perfect beauty, and contains the price and description of hundreds of choice field, garden and flower seeds, numbering 64 pages. Nothing has ever been published that equals this catalogue. Send 30 cents and get 15 packets of choice seeds and 56 bulbs postpaid. Address F. B. Mills, Rose Hill, N. Y.

Last Saturday at 2 o'clock the town council met for the purpose of electing a marshal, all being present except G. McGuire, Hubert Blackwell, Wm. Worley and J. B. Anderson were applicants for the position. A ballot was taken which resulted in Blackwell receiving one and Worley two, and the latter gentleman was declared elected and given the badge and told to go and perform his duties well. Mr. Worley is a young man who was born and raised in our town, well known and liked by all, and is a man fully able both physically and mentally to perform the duties of this office well, and it is hoped that he will leave no stone unturned, for peace and good order is the desire of all law abiding citizens.

Merchant McGee has been unable to attend to his business this week on account of being ill.

So far January has been very disagreeable for outdoor work but the laborers have kept the ball in motion.

Jas. Ravan, of Chattoe district, has a pocket knife which he has been carrying ever since the war of the Confederacy.

Rev. W. G. Spencer, of Porter Springs, has been awarded the contract for the building of the new Presbyterian Church at Dahlonega.

F. M. Jarrard, formerly of White county, has moved into his new house in Dahlonega and has become a permanent citizen. We welcome him.

A little thirteen months old colored child belonging to Charlie Anderson, was severely burned on its face and one arm Tuesday by catching a fire.

Col. R. M. Bryson, Robt. L. London, Virgil Parks, W. S. Grizzle and W. F. Worley are among our new list of subscribers since last issue.

The Atlanta negro preacher is the wisest one that has ever been here. He told his brethren the other night that God was a Baptist. There is nothing like ministers being well posted.

The members of the M. E. Church are making arrangements to repair the parsonage, move the fence back on the line and put things in tip top shape for Rev. Mr. Edwards, their clever pastor.

Our esteemed friend and patron, J. N. Pierce, gave us a pleasant call Wednesday while on his way to Colquitt Heads a few miles above Dahlonega, where he is putting up a saw and grist mill for Mr. Head.

M. G. Head is already receiving his lumber from Gainesville to repair the Burnside House. Our friend Ike Reid, the tall, long armed painter is on hand making about five feet at a stroke with his brush on the walls of this old building.

Hynd's ad. in the Nugget caused a certain man to purchase several thousand feet of lumber from him. Let our mill men here try advertising a little. Then maybe they can induce people to buy lumber from them without sending to Gainesville.

West Rayan and Billie Hester were arrested yesterday by Deputy Marshal Grizzle, who are charged with being interested in that distillery where the revenue officers of Union county had a row some time ago. They made a temporary bond until Allison and other witnesses could be on hand.

Heretofore the tax receivers of Lumpkin county have been too careless in the discharge of their duties—scarcely ever doubling a tax payer who failed to return his property. Last year after the receiver closed his book the collector received 36 extra polls and about \$10,000 worth of property and there is a great deal that is not returned yet. Whenever receivers begin to double tax defaulters then the most of people will return their property, and not before.

A letter has fallen into the hands of John Green, col., which is giving him a good deal of trouble. John is the negro who is charged with paying his respects to Adline Elrod, a white woman residing about two miles from Dahlonega. The letter was found on the hog pen at this woman's house purporting to have been written from Auraria by 51 persons signed moonshiners brigade, who say that they mean business and will hang John and fill him full of bullets if they catch him at this woman's house when they come. John pleads not guilty. He is not a mind reader, fortune teller, spiritualist nor very handsome, and why this woman should fall in love with him we cannot tell. He claims that he goes there as a hired to work. We advised John that he had better get employment somewhere else.

A colored preacher came up from Atlanta and preached to his race here last Saturday and Sunday.

Mrs. J. M. Brooksher became suddenly and seriously sick last Saturday and it was believed for a while that she would die.

Raleigh Hightower, who has been down to Gainesville for some time clerking in a store, came up last week to take a few days rest.

The Dahlonega Consolidated Co. have fixed the 15th of each month to pay off their hands. This will be a happy time for the boys.

Mr. Clifton Head was married to Miss Bula, daughter of Rev. J. W. Phillips, of this county a few days ago. Esquire James Ridley officiated. Success to the happy couple.

If the stock low goes into effect in this district the flock of geese which make their appearance early every morning and wake up the drowsy sleepers, will have to be put to flight.

M. W. Berry and Miss Ovie Wells were wedded up in Nimble district on Thursday of last week by Rev. S. M. Grizzle. May their lives be nothing but happiness and prosperity.

The public schools of Lumpkin county will open out soon. The Governor and State School Commissioner hope to be able to pay the teachers monthly. There is a law to that effect but if they do not receive the money in the treasury they cannot carry it out.

We are printing notes at 20 cent per hundred all nicely put up in pads, that are worded so as to be collectable where a person possesses any thing, and if not the signers will want to pay them off so as not to have such a binding document standing against them. Call and buy some.

Col. M. L. Ledford, of Blairsville, was in Dahlonega last Friday accompanied by his sister who has since entered college here. Col. Ledford is near 40 years of age, was born and raised in Union county and this was his first visit to our town. Now that he has found the way it is hoped that he will visit us more frequently.

Bud Harris, who was stricken with paralysis some months ago, has been gradually failing in health ever since. Last Saturday night while spending the evening with his sister, Mrs. M. F. Wheelbel, in Dahlonega, he got so bad off that Dr. Jones had to be called in who could do nothing more than to give him temporary relief.

Our mining operators should put up some small dwellings on their property for the benefit of their laborers. Some of the hands have to walk a couple of miles to their work. The mine owners could afford to build the necessary number of cottages, the rents from which would amply pay for them the small outlay of money.

A Union county farmer by the name of Rodgers brought over 500 pounds of well cured leaf tobacco one day last week for which he found a ready sale, and soon realized something over \$50. How much better it is for farmers to pursue this course than to be hid about in the mountains distilling the corn which, in many instances, is made by their wives and children.

The other day a gentleman from Ohio stepped into the store of J. F. Moore and enquired for the proprietor, who was told by the bookkeeper that Mr. Moore was out of town and asked if there was anything that he could do for him. "Nothing," said he. "I see that he is a business man from his advertisement in the Nugget and merely want to get acquainted with the gentleman." The stranger was a capitalist who had come to look over the country with a view of investing, and had Mr. Moore been at home it is quite likely that they might have had some dealings that would have been beneficial to both caused by a small outlay of money in advertising.

L. M. Landrum, the Superintendent of Floyd county's Alms house writes us that J. F. Grindle, an inmate who was raised near Dahlonega, died a few days ago, aged about 50.

Mr. Carr, a post office inspector, came to Dahlonega last Friday to look after the line from here to Gainesville, making the third official of this kind that has been sent here to make a report on the same. He came in about dark and went away early next morning on the stage which arrived and departed late. He conversed with no one outside of the post master here and his assistant. After Mr. Carr returned to Gainesville he gave orders for the mail to go via of Price. That afternoon the driver came in to Dahlonega before sun down, but he had a good team and no passengers. The next day the mail arrived after dark without bringing us any morning papers.

As it has been asserted that there are names on the petition filed in the ordinary's office who did not sign such petition, asking for a stock law election to be held in the 837th district, G. M., we publish the list as taken from the petition, which is as follows: G. McGuire, G. D. Bruce, W. H. Wimpy, B. A. Wimpy, McDuffie R. Moore, G. Hughes, J. C. Stargel, J. H. Jenkins, W. H. Satterfield, E. P. Hadon, Emanuel Howell, H. D. Ingersoll, W. S. Huff, D. M. Grizzle, W. T. Dowly, W. L. Campbell, Honly Wimpy, W. T. King, W. H. Cook, Jesse McDonald, A. W. Meaders, J. W. Woodward. There is one thing we do know, some of these signers live out of the district and even out of the county, while others names appear on the tax digest as free holders but not so on the records of the Superior court.

Mrs. Nancy Wimpy is no more. She passed peacefully away at her residence in Dahlonega last Saturday afternoon after a brief illness, aged 81. Mrs. Wimpy was the wife of A. G. Wimpy, an influential citizen of our town who died just three years ago. The deceased was one of our oldest citizens, having been a resident of Lumpkin county for more than sixty years, who came here from Hall county soon after marrying. She joined the Methodist church when quite small and was always ready and anxious to lend a helping hand to anything that would tend to benefit the church of any denomination. She was kind and helpful to the poor and needy; never turning a deaf ear to the wants of the distressed either white or black. Her remains were interred in Mt. Hope cemetery last Monday morning by the side of her husband in the presence of a large concourse of people. Thus another good woman is gone to rest.

We have been asked why we do not complain about the lateness of the Gainesville mail which occurs every day. We are like the fellow who was asked why he didn't talk after his girl had consented to have him at a ball. "Enough has already been said." Enough has been written and said about this matter already for the appeals and petitions sent to the government to reach half way from Dahlonega to Gainesville if they were all on paper. The people have told the officials of the post office department, the postmaster here notifies the authorities every month about the matter and what good does it do? The department fines the contractor about \$10 each quarter when he can make this back carrying passengers on two trips. This is merely a license for him to be more active in the search of something or somebody to haul. The inspector who came up last Friday stated, so we are informed, that the driver after getting his mail that day drove all over Gainesville taking on passengers, causing him to come in late as usual. Now, this inspector knows this of his own knowledge. Let us see if there will be any change hereafter.

WHITE SEWING MACHINE CO.,
CLEVELAND, O.

THE NUGGET.

DAHLONEGA, GA., JAN. 20, 1899.
 Entered at the Dahlonega, Ga. P. O.
 as Second Class Matter.

Come to Dahlonega if you want to educate your children.

The First Baptist church at Macon will send a missionary to Cuba.

Gov. Candler is back from his trip east looking exceedingly well.

It is said that Berrian turning has a coal black negro who is turning white.

An exchange says, "don't marry a girl for her figure unless it looks something like \$10,000."

The International Sunday School convention meets in Atlanta during April. 1,982 delegates will attend.

Frank J. Gould owns 132 dogs of different breeds. If he resided in Dahlonega his dog tax would amount to \$264.

Gov. Candler has signed the warrants for the school teachers money and their checks will be sent out in a few days.

Jesse Jackson's wife a colored woman in Calhoun county, gave birth to four children, all boys. They only lived a few hours after birth.

The acts of the session of the Georgia legislature of 1898 are now in press, and will be on sale in a few days. It is a book of 324 pages.

Treasurer Speer now has \$220,000 for the widows of Confederate soldiers to be paid out soon. Then he has \$100,000 for the wounded soldiers.

The Macon Telegraph is one of the most reliable dailies in the South and is read with much interest by a number of citizens of Dahlonega.

In Ohio the other day four brothers married four sisters the same day, the same parson officiating. All their ages ranged from 18 to 28.

W. B. Miney, editor of the Pickens County Herald has bought the Jasper Republican from Hon. S. A. Darnell, and this republican paper will be no more.

Some of our weekly brethren have already resolved to do less work this year by double loading their editorials and using a large amount of plate matter.

Rev. W. H. Thomas, of Waycross, who has several relatives in Lumpkin county was 86 last Wednesday and the ladies of the church which he belonged gave him a birthday dinner at his home in that city.

Billie Ammonds, of Worth county has already passed the allotted three score and ten years, but only a few days ago he was married for the fourth time to a handsome young lady of the community. He says he will have a wife as long as one can be had.

Solicitor Charters is in Gainesville this week attending Hall Superior Court which convened there last Monday. This is the first official business the new solicitor has transacted since his election to this office. R. J. Swain, of Calhoun, has succeeded Chas. H. Findley as stenographer.

You can now get the twice a week Atlanta Journal for the small sum of \$1.00. It is an excellent up to date paper and is just what the laboring class need in order to keep posted on all foreign matters. By sending us \$1.75 we will send you the twice week Journal and Nugget for a year.

President S. D. Bradwell of the State Normal School, at Athens, is the owner of one of the largest madstones in existence. This madstone is as large as a goose egg, and is of a beautiful cream color. It was taken out of the maw of a deer in Tattall county in 1800 by Col. Eschiel Clifton, who was the grandfather of the late Mrs. S. D. Bradwell.

Mining Dots.

We have nothing of special interest to report in the mining industry this week—every operation is moving along with satisfactory results. More capitalists were coming last week but the weather was so unfavorable for the inspection of the mines that they didn't arrive, being the first week that Dahlonega has been without visitors of this kind in a long time.

We publish on our first page this week a report made by G. A. Kirchmaier, a well known assayer and chemist of Toledo, O., who visited the gold fields of our section recently. This gentleman is in no way interested in the mines, but was sent down to make a thorough investigation and see if there was any exaggerating about the valuable ores taken from veins which had already been assayed and reports made upon the same. He spent several days here and secured samples of ore from different places and found their values to range from \$10 to \$250 per ton. Read his interesting report.

After writing the above we learn that they have struck ore down at the Barlow this week which is still richer than any heretofore discovered. The body of ore is large and easy to handle. They already have out about three hundred tons of ore all of which shows gold. The President of the company, owning this property arrived last Tuesday afternoon with a number of gentlemen who came here for the purpose of making a thorough investigation of the gold mines. When they came to this property and examined this large rich bed of ore they were not long in rendering their decision in favor of the yellow metal.

O. C. Scupin, Hiram Gayden and James Hughes, of Auraria passed through Dahlonega last Wednesday on their way to White county to look after some mining interests which they have up there. Mr. Scupin has just returned from Philadelphia where he has been to see some capitalists who will likely become interested in the mining industry of White and probably Lumpkin county. They will be on hand some time in February for the purpose of making a thorough investigation.

The superintendent of the Betts mine, O. C. Scupin, is always jolly and no wonder when he is in charge of one of the richest mines in Lumpkin county. They are now taking out ore 265 feet below the surface which is very rich. They clean up gold by the pounds at this mine. Last week they made fifteen and three-fourth pounds of gold in the Amalgam. A furnace is being put up to treat the sulphureous ores. Who is it that wouldn't be jolly under these circumstances?

The first quarterly conference of Lumpkin Mission Circuit will be held on Wednesday the first day of February, at Jones' Chapel Church.

ELLISON R. COOK, P. E.

What Shall Be Done

FOR THE DELICATE GIRL

You have tried iron and other tonics. But she keeps pale and thin. Her sallow complexion worries you. Perhaps she has a little hacking cough also. Her head aches; and she cannot study. Give her

Scott's Emulsion

The oil will feed her wasting body; the glycerine will soothe her cough, and the hypophosphites will give new power and vigor to her nerves and brain. Never say you "cannot take cod liver oil" until you have tried Scott's Emulsion. You will be obliged to change your opinion at once. Children especially become very fond of it; and infants do not know when it is added to their food.

Prepared and Bottled at Copenhagen, Denmark.

SCOTT & BOWNE, Chemists, New York.

Local Dots.

A child of Bill Moore, Jr., died last Tuesday.

An effort will be made to have a post office established up in Yaboo-la district.

Students will find nicely printed letter head paper in boxes at Nugget office.

There is more work for our carpenters to do. The trustees of the college met last Tuesday and decided to have what is known as the "Green House," near the college repaired and rented out.

J. V. Cochran, a former student of our college, who resides in Dawson county, was in Dahlonega this week working in the interest of a nursery which he represents. He was very successful in receiving orders while here.

Dr. N. F. Howard, after being confined to his room for six weeks visited town last Tuesday for the first time since he has been sick. All of his many friends will be glad to hear of his recovery, for his appearance was greatly missed by all.

Last Tuesday the scaffold on which Ike Rehl was painting at the Burnside House gave way, causing the occupant and paint all to go down together. He was not hurt but even his sweetheart would not have recognized him just after the fall.

Our subscription list still continues to grow. Since last issue the following new names have been added to it: W. M. Rice, Milner, Ga.; E. S. Copeland, Dahlonega; Geo. W. Walker, Jr., Porter Springs; Charlie Sammons, Wier; Chas. Hunter, Blue Ridge; G. M. Bryan, Omer, Okla. James Harrison, who went to Arizona from Dahlonega last October, reports that the gold mines out there are very rich. Stone coal is shipped a long distance to the mills and laborers get \$3.00 per day. Ore is hauled in some instances, one hundred miles and shipped to Colorado. While at other mines in the mountains it has to be packed on mules a distance of forty and fifty miles. It would be interesting to the Lumpkin county native miner to see a gang of twenty-five mules packing ore from the mountains in that country. And still with all these inconveniences and high labor the mines pay out there.

Remember we club the Nugget and the Atlanta Weekly Journal at the small sum of \$1.75 per annum—both papers. We have requested that a lot of sample copies be sent out. So if you get one peruse it carefully and see if it is not well worth the money itself, much less the two for that amount, and then have us send for it at once and keep posted on all matters of general interest to the public.

Some mornings ago Virgil Moore went down to his deposit mine at the Ivey to work and found that some one had cut his hose so as to render it useless. It is a rich mine and it is believed by him that a certain party who wants to work it did this in order to discourage him and cause him to abandon it. But Virgil says that it is too good a thing to give up and is going to stick to it provided he has his health.

No Winter Examination.

State School Commissioner Glenn will not have any winter examination of applicants for license to teach in the public schools in Georgia. The last examination was held in June, 1898, and since no license is granted for a period of less than one year none of the license granted can expire before June of this year. Commissioner Glenn has abandoned the plan of holding winter examinations for the reasons that in many sections of the state comfortable quarters of sufficient size to accommodate the applicants cannot be secured and for the further reason that in many of the rural counties applicants for license would have to take long rides over rough roads in bad weather in order to reach the point at which the examinations would be held.

J. R. Dowdy's Views About Present Preaching.

ED. NUGGET:—

I am 71 years old, and have been a Baptist believer 51 of them. I was at a big meeting not long ago where five preachers were present. One of them arose and read the 1st chapter of St. John. The congregation then sang a good old song. He then called on another brother to pray which I thought was very appropriate to the occasion. The reader then comes up with some preliminary remarks too tedious to mention. He then, unrolled the map of Asia and Africa and gave a temporal lecture about the people on the other side of the earth and how heathenish they were. Gave the number of population and of course it was large for he said that one thousand died in the time that it required him to exhibit or show the map, and that they were pitched headforemost into hell. But I knew that he meant the sea, for that was the way they did at Delaware, only they dumped feet foremost up there. He seemed to think a heap of the people on the other side of the world and wanted to get up some money for the purpose of hiring some one to go over there to do something with those barbarians. He said that we were responsible for their heathenism, of which we would have to give an account on the judgment day for the deeds or wickedness of others, and if we didn't believe that to tear the New Testament out of the Bible.

I don't believe that sort of doctrine and I shan't tear the book.

Alfred Webb, Jack Reeves, Wm. Reid, M. Walker, F. Hatfield, didn't preach that way.

JAMES R. DOWDY.

It is said that George Elrod, col., put on his fighting robe last Tuesday and was cock of the walk over on "Pea Ridge."

'Sure Cure for Colds

When the children get their feet wet and take cold give them a hot foot bath, a bowl of hot drink, a dose of Ayer's Cherry Pectoral, and put them to bed. The children are sure to be all right in the morning. Continue the Cherry Pectoral a few days, until all cough has disappeared.

Old coughs are also cured; we mean the coughs of bronchitis, weak throats and irritable lungs. Even the hard coughs of consumption are always made easy and frequently cured by the continued use of

Ayer's Cherry Pectoral

Every doctor knows that wild cherry bark is the best remedy known to medical science for soothing and healing inflamed throats and lungs.

Put one of Dr. Ayer's Cherry Pectoral Plasters over your lungs

The Best Medical Advice Free! We now have some of the most eminent Physicians in the United States. Unusual opportunities are offered experience everywhere in their efforts to give the medical service to the people. Write for particulars to your case. Address, Dr. J. C. AYER, Lowell, Mass.

NOTICE.

GEORGIA—Lumpkin County. To whom it may concern: A petition of fifteen free holders of the 33rd Militia District of said county, having been filed in my office petitioning for the benefit of the provisions of Sections 1772, 1773, 1774, 1775 and 1776 of the Code of Georgia, for an election for "two fence" or "stock law" in said District, therefore all persons are hereby notified that after the expiration of 20 days from this date I will proceed to have an election held in said Militia District, at its early day practicable, in which the election shall be submitted to the lawful voters of said District in terms of the law. This January 20th, 1899.

W. H. C. TATE, Ordinary.

BARGAIN BARGAINS, BARGAINS.

The Frank W. Hall Mdse Co.
 Grand Clearing Out Sale.

We are not going to quit business but must make room now for our SPRING AND SUMMER GOODS,

which we intend to put in. Monday, Jan. 23rd, we will begin this slaughter sale. The following is a sample of prices we will make:

| | | | | | | | | | | | | | | | | | | | | |
|---------------------------------------|--------------------------------------|--------------------------------|--|---------------------------------------|--|---|--|--|--|--|---------------------------------------|---|-----------------------------|--------------------------|---|-----------------------------------|--|---|--|------------------------------------|
| 500 yds calico worth 5c, now 3 1/2 c. | 500 yds calico worth 5 1/2 c now 4c. | 500 yds gingham worth 7 now 4. | 500 yds 54 inch Water Proof diff. at patterns, 60 now 40c. | Fast black Silkotine worth 30 now 15. | Best grades black Sateen worth 20 now 15c. | Good quality Sateen worth 10 now 7 1/2 c. | All wool Brocades worth 17 now 12 1/2 c. | Mohair Brocades worth 20 now 13 1/2 c. | Nice line Percales worth 10 now 7 1/2 c. | Assorted lot of Table Linin 30 to 60c. | Full line best dress Plaids 8 to 15c. | Good quality white 10-4 Blaukets \$1.00 per pair. | Gray Blankets 40c per pair. | Good quality Ticking 9c. | Best quality Ticking A. C. A. 12 1/2 c. | Gents all wool Shirts 40c to \$1. | Nice line Ladies and Gents underwear including few Union suits at prices that will astonish you. | Complete line Gents furnishing goods cheap. | 50 suits fall and winter clothing at and below cost. A big bargain in these. | Large line of hats at a sacrifice. |

J. F. MOORE

It is thought that Bearden's bridge will be completed this week.

Merchant H. D. Gurley has been eating lettuce for two weeks, raised in a hot bed.

John Stover has a persimmon walking stick which he cut in Virginia during the war.

Peter Woody, while carrying rock down at the Stewart mine one day last week fell and broke one of his arms.

The district conference convenes in Dahlonega last Monday. There was a very good attendance and prompt payments by the various churches.

The work of repairing the Burnside House is moving along as rapidly as the carpenters can use their saws and hammers, which will be open to the public in a few weeks.

C. L. Summerour, of Dawson county, was in our town Monday, who reported old Dawson as being in a very prosperous condition. He had his name enrolled on our subscription book before departing for home in order to keep posted about Dahlonega affairs.

W. M. Rice, of Milner, Ga., is remitting a dollar for the Nugget says: "It is real refreshing to read such a newsy and original paper and I hope you will succeed in all your undertakings." The above is one of the many compliments we are receiving every day.

Two cadets, Aldman and Jeff, were each fined a dollar and cost last Monday for shooting within the incorporate limits of Dahlonega. They had some of the college ammunition and were having a little target practice near town when they were discovered by Marshal Worley.

The citizens of Frog Town district do not mean for Mr. Spencer to have his lot of land in that district cut off into Porter Springs district, which has the stock law, if possible. They have employed Col. W. P. Price to represent them when the matter comes up before the ordinary.

Presiding Elder Cook will move to Dahlonega as soon as the weather moderates and make this place his home for another year at least. This able divine is welcomed by all of our citizens. There is quite a number of ministers living in Dahlonega of different denominations, who it is hoped will be able to accomplish much good this year.

Our friend Harvey Parks was in town last Monday to present the ordinary with a petition asking for a stock law election to be held in Martin's Ford district, the effects of his trip will be seen in another column. An election was held in the district for the stock law just a year ago which was defeated by a small majority. Those favoring it now think that they will be able to carry it.

THE PENNY MAGAZINE, New York, which is the lowest priced magazine in America (20 cents a year), and which is owned by Hon. Chauncey M. Depew, the eminent American orator, wants a representative in this vicinity. It is a good opportunity for one of our ambitious young men or young women. Applications should be addressed to the SUBSCRIPTION DEPARTMENT, THE PENNY MAGAZINE, Temple Court, New York City.

Jesse R. Duke, an old merchant who used to do business at the stand now occupied by G. McGuire, many years ago, and preach in the various churches in this county, has been heard from again. He is now at his son Charles' down in Forsyth county. He left a wife here during the war and married down about Cartersville again. Some days ago he confessed to his son that he was also married when he wedded his mother in Dahlonega, having three living wives at one time. This does pretty well for a minister.

Merchant Smith, of Auraria, gave us a business call last Saturday.

W. P. Price, Jr., is receiving the lumber for his new residence which will be erected near the M. E. Church.

The hens are still controlling the egg market, keeping them up at 12 1-2 cents per dozen in Dahlonega.

It may be that postmaster J. C. Brittain will erect a suitable building on his property on Clarksville street for the post office.

Last Sunday was a beautiful sunshiny, spring like day, almost warm enough to cause people to think about gardening.

You will find Commissioner Stephen's agricultural information both interesting and beneficial, which will be found on our fourth page.

Mary, one of our printer girls, has just completed a quilt with 7,290 pieces in it, which she worked on at odd times during the past year.

A big crowd was out at the Anderson sale last Saturday. Every thing sold well. The merchantable corn brought 52 and 54 cents per bushel.

While Will Donaldson was working in a tunnel on Long Branch last week in search of gold a large piece of slate fell and broke one of his legs.

Guy Reese, who has been down to Huntsville, Ala., for some time employed as a teamster for Uncle Sam, returned to his home here last week. He has been on the sick list for several weeks and is not looking very stout.

The washing away of the Bearden's bridge has caused Dahlonega to lose many a dollar. Now that it is being rebuilt let our merchants offer such inducements to the farmers over that way to cause them to renew their business relations with us.

The case of Henry Houser, et al. vs. Samantha Christian and Thomas Christian, complaint for land, has been carried to the Supreme Court. The transcript of the records in this case was mailed to the proper official in Atlanta last Friday by the Clerk of the Superior Court of Lumpkin county.

Little George Sissum is getting ready for the stock law in case it goes into effect, which he favors. Recently, so it is claimed, he swapped off his mule for a big whoot owl and on last Saturday the bird was brought up to town and sold to a student for 15 cents. The student is going to start up a museum. Many just such trades will have to be made by poor men if the stock law carries.

Sheriff Davis and Will Rice made a trip across the mountain last week in search of Rob Long who killed young Clark in Lumpkin county last October, but they didn't find him. Roberts father does not regret the occurrence but wishes that the other barrel of Bob's gun had "went off so that he could have killed another negro." The old man says that he will have Bob here in time for court.

Some of the young men have already set their new year's resolutions by hiring a team and visiting the so called blind tiger situated between Dahlonega and Auraria, when the blockaders fail to bring a sufficient quantity to town.

It is understood that the Dahlonega Consolidated Gold Mining Co. will prepare a suitable building for offices and a commissary at the old Master Ground in the edge of town, which will be done in a short time. The Company employs a large number of hands which will give their store a good run of trade, saying nothing about the customers they will catch on the "wing." There is a bright outlook for our mountain town in the near future. Its population is steadily increasing and we trust that the day is not far distant when we will be connected with Gainesville or some other business point by rail.

A nice lot of Justice Court Sammons and f. fas. for sale cheap at this office. Also other blanks, deeds, notes, etc., on hand.

Last Monday was very rainy and disagreeable for a quarterly conference but preachers are like country editors, when the meal tub begins to rattle in the bottom they will hustle out rain or shine.

Two of Mr. Cicero Ravans daughters were to have been wedded yesterday. Mr. Floyd Corbin was to marry one, Miss Martha Ann, and Mr. James Stancel was to take his other daughter, Miss Milbury, for a partner during life.

Best cream cheese 15 cents per pound, David's black and red ink, also mudilage 8c per bottle. Steel enameled ware and tin cheap. It will pay you to get our prices and see our goods whether you buy from us or not.

B. R. MEADERS & SONS.

Last Sunday night some one stole a fifteen gallon wash pot belonging to Mrs. Perry, a poor widow lady living out at the Silom Spring. It is certainly a hard hearted person who will steal from a poor lone woman. Any information concerning it will be thankfully received by the loser.

Miss Emma, daughter of Milton Anderson, of Auraria district, was wedded last Sunday to Mr. Ben Perry, by Rev. J. C. Higgins. The father of the young lady was opposed to his daughter marrying who had to run away from home in order to take her lovers hand and commence the voyage of life.

After several years absence E. S. Copeland will return to Dahlonega for the purpose of going into business and making the Golden City his future home. Mr. Copeland was here Tuesday selecting a stand and will return within the next few days with a stock of goods. We welcome the gentleman and his wife back to their old homes among many warm friends and trust that his business will be a prosperous one.

The tax digests for several years back, which were intended as a record in the ordinary's office of this county, are in such a condition as to render them useless in a law suit. The backs are torn off and many leaves gone, so that you can't tell what years they are for. An attorney told us the other day that he frequently had to send a dollar to the Comptroller for information from the digests on file there which he should be able to get in the ordinary's office here if the law was complied with. Better care should be taken with these records so as to save all this expense and trouble. Those that are on hand should be bound and put away. A man has got no more right to take a tax digest out of the ordinary's office than any other record. We have known changes to be made on them by allowing them to be carried away from their proper place.

Turkey Bill Postell is still alone but is making strong efforts to gain the affections of some pretty young lady who will be willing to jump into the matrimonial boat and make the voyage with him through life. He is sparing neither time nor money in search of a partner. To live at the foot of Cedar Mountain all alone during the rest of his life is more than he can endure. He has been fighting life's battles a long time and now wants some one to help him. He has already advertised for a wife but has found no one so far that wishes to wed a man of his age or homely appearance. He has felt upon another plan now to see if he cannot by loving words touch the sympathy and affections of some fair one by writing to them direct over his own signature. While in town last Monday he got a confidential friend of his to write to a beautiful young lady up at Yahoola, Ga., and see if she would not be willing for the minister to pronounce a ceremony so that hereafter there would be "two souls with a single thought, two hearts that beat as one." He has received no reply as we go to press.

Send us your job work if you want it done neat and cheap.

The old reliable Weekly Constitution and the NUGGET both one year for \$1.75.

Will Fitts of Lumpkin county was arrested by U. S. Deputy Marshal Grizzle last Monday and bound over on the charge of illicit distilling.

Charlie Summerour, who represents a Tennessee nursery, visited our office Wednesday. He does not only carry the prices and pictures but has a sample of several kinds of fruit which surpasses anything ever shown in Dahlonega. He received several orders while here.

Quite a number of Lumpkin county miners are engaged in White. The owners of mines up there make better preparations for their hands than they do down here. They do not only have comfortable "shanties," but in some instances furnish the occupants with cooking stoves.

Among the visitors who have been looking at the mines were M. L. Chapman, Colorado; F. W. Fort and L. A. Weaver, Chattanooga and W. P. Fort, Mt. Airy, Ga., who departed yesterday after inspecting various mines a day or so. Mr. Weaver represents the Knoxville Journal & Tribune and Chattanooga News, who will quite likely have something interesting to tell the readers of these great dailies.

Geo. Harbison, a brother of James V. Harbison, who attended the N. G. A. College here several years ago, was bound over in Oklahoma on December 27th for shooting a man through the leg during a difficulty over the hearing of some cattle on some lands which the man had been interested in. The man used a Winchester but George got in the best shot by killing the fellows' horse and wounding him as stated above.

Your attention is called to the ad. of The Frank W. Hall Mose Co. in this issue, who will commence next Monday and sell goods at such low prices as to surprise the natives. They keep everything found in a general mercantile establishment and propose to sell goods as cheap as the cheapest. They pay cash for their goods which enables them to sell so as to make it beneficial to the purchaser. Polite and accommodating clerks will be ready to wait on you at any time. Give them a call.

The postmaster here received a notice from the post office department last Wednesday directing the mail from Dahlonega to Gainesville to be carried on the same old schedule—five and a half hours being the time, but the postmaster is ordered to give the carrier the mail at any time that he may call for it here an hour and three quarters before 7:45 a. m. It seems that they have been missing the train at Gainesville, but if it is done now the contractor is solely responsible as he can now leave Dahlonega before day if he sees proper and will do so when it is desired by passengers.

For several days up to last Tuesday the daily mail had been arriving here about sun down and sometimes before. But on that day the stage was heavily loaded causing it to be two and a half hours behind time. The stage contained three passengers besides the driver and of course it was impossible for the team to travel very fast. The citizens of Dahlonega are getting impatient with this business and are going to make an effort to have the mails arrive here on time. We have been told by those who know that but little will be done by the department in the way of punishing the contractor where there is no connection to be made when the patrons of the post office make no complaint direct to the department. We heard several say the other day that they were willing to sign a petition if it would cause any change. This step will probably be taken right away unless the contractor comes in on time.

The price of coffee and flour is advancing.

Some of our citizens are tangled up with the grip.

It was Hardy Perdwes' child that died a few days ago instead of Charles.

Since the big mining company has been organized it has almost burst up the "Sons of Rest" society. Every body busy, and times prosperous up this way.

Thirty old Confederate veterans were made happy latter part of last week when Judge Tate received the checks amounting to \$1,800 for the indigent soldiers who were on the list from this county.

The other day it was reported on the square that an overgrown young man, residing in our town had beat and cuffed his little sister about in a fearful manner which may be brought to the attention of the grand jury.

Samuel Burt of Dawson county, was bound over by Com. Baker last week for illicit distilling. He made bond for his appearance at the next term of the U. S. Court when he will leave the mountains where the lion roareth and the whang doodle mourneth.

The other day Isaac Read was relieved of a box of cooked victuals which his sister had prepared for and sent down to him to feast on while he used his brush on the Burnside House, by some bold thief, causing the painter to have a very unpleasant feeling towards all such persons.

Judge Tate was awarded the contract for hauling the bridge material from Gainesville by the company, which weighs twenty-five thousand pounds—receiving 30 cents per hundred. He got it delivered at 25 cents per hundred which paid him very well for his trouble. It required about ten wagons.

There are people in Dahlonega who will go to the town marshal and report cases but they do not want to be used as witnesses. How do they expect an official to carry out the law unless they will help by telling what they know? We cannot expect good order unless the citizens give the marshal their united assistance.

A little more than a month ago Mrs. John Welchel came to Dahlonega from Anniston, Ala., in such feeble health that she could not walk across the room without assistance. Before leaving for her home this week she had improved so as to walk out to church and back without any trouble. The change in climate is often better than the treatment of scientific doctors.

If you wish to keep posted on home matters and get a good deal of general information send us a dollar for the NUGGET. Or, if this is not enough reading matter send in 75 cents more and we will have the Atlanta Journal sent to you twice a week for twelve months. If we can't please you one way we can another. Try us and be convinced at the beginning of the year.

It seems to be a hard matter for those who favor the stock law in the Dahlonega district to get started off right. Some time ago they asked for an election to be held but didn't have enough of live men on the list to proceed very far. Since they have produced a list numbering 21, but after deducting the non residents, those who didn't sign it and parties who are only agents for their wives and are not freeholders it leaves less than 15. Rev. W. T. Dowdy's name is on it. He is a freeholder but told us last Friday that he did not sign it, who further stated that when ever such a law becomes of force "it will ruin us all." All these things are being watched with interest which will be made known in a legal manner at the proper time by men who will spend money for an investigation. Emanuel Howell says that he has never even seen the petition.

J. S. Chester has moved from Hightower down into Cano Creek district.

The bridge across the Chestatee near W. H. Satterfields will soon be ready for the traveling public.

The stock law question is causing a good deal of strife and discord in Lumpkin county just now. The best of friends are falling out over the matter—even brothers, Cano Creek and Frog Town districts seem to be the center of attraction on this line at this time.

The trustees of the N. G. A. College are preparing to start a vineyard on the land of this institution. Judge Gohar is going to make a gift of five hundred choice rooted vines for this purpose. This donation of the Judge is highly appreciated by the trustees, faculty and every other person interested in this institution of learning.

As stated last week there is some trouble between Andrew Head and his brother Anderson about the latter tearing down a gate and some fencing in which the former is interested. A warrant is already in the hands of the sheriff for the defendant, but the officer has instructions to hold up until it is seen whether a compromise can be effected or not.

W. G. Spencer will move his saw mill within five miles of Dahlonega before he begins work on the new Presbyterian church. Mr. Spencer will get nine hundred and twenty-seven dollars for the construction of this new house of worship, but contributes \$27. This was the lowest bid. This does not complete the building but gets it in a shape so as to be used.

Judge Tate informs us that he expects to let out the paupers home in a few days to a man who will take it for much less than has been paid for some years. There is not a single permanent pauper at the home at this time and there may never be another, for they do not like the place. Where there are no inmates it looks like some one could be induced to look after the property and cultivate the farm, keep what they make, without having to be paid anything extra for it.

James M. Davis, the sheriff of Lumpkin county, has the strangest cow that we ever heard of. She gives abundance of very rich milk during the spring, summer and fall, which has been her custom for about six years. She begins to fail in her milk in the fall and by the time winter approaches is perfectly dry and continues so until spring when her flow of milk is renewed and all through the summer months gives two gallons a day. But when winter comes she never fails to go dry, or hasn't for the past six years.

It seems that there is no one in Nimbbleville district so keen for office as other parts of Lumpkin county. There was no bliff elected out there the other election day, and they have not had one for two years. Squire Wehnt has heretofore scared the money out of defendants when accounts were put into his hands for collection, but of late they have gotten so that they won't scare worth a cent, and he was here last Friday to see if it would be legal for him to "borrow" Mill Creek district's bailiff.

A few days ago it was learned that Patrick, the negro who attempted to rape Mrs. Crain a few weeks ago at her home near the line of Dawson and Lumpkin, was in Pickets working at the marble works. Three parties went after him but he got away. After reaching there they learned that he was at the house Neal Jackson, a negro who used to reside at Burtshoro in Lumpkin county. Upon reaching the house after dark the searching party found Jackson at home, together with three other negro men, some of them relatives to the one they were hunting. Jackson loaded his Winchester and told them that they could not search his house. However, after giving Patrick time to escape, he consented.

This image shows a vertical strip of aged, yellowed paper. The paper has a rough, torn edge on the left side, while the right side is relatively smooth. The color is a warm, yellowish-brown, characteristic of old paper. There are some small, dark spots and fibers visible throughout the paper, suggesting its age and texture. The strip appears to be a flyleaf or endpaper from an old book.

W. B. TOWNSEND, Editor and Proprietor.

FOR ALL WOMEN

None of the all the pain and sickness from which women suffer is caused by weakness or derangement in the organs of menstruation. Nearly always when a woman is not well these organs are affected. But when they are strong and healthy a woman is very seldom sick.

McELEE'S Wine of Cardui

Is nature's provision for the regulation of the menstrual function. It cures all "female troubles." It is equally effective for the girl in her teens, the young wife with domestic and maternal cares, and the woman approaching the period known as the "Change of Life." They all need it. They are all benefited by it.

For advice in cases requiring special directions, address, giving name, to the Ladies' Advisory Department, The Chattanooga Medicine Co., Chattanooga, Tenn.

THOS. J. COOPER, Tupelo, Miss., says: "My sister suffered from very irregular and painful menstruation and doctors could not relieve her. With Cardui entirely cured her and also helped my mother through the Change of Life."

THE NUGGET.

DAHLONEGA, GA., JAN. 27, '99.
Entered at the Dahlonega, Ga. P. O.
as Second Class Matter.

Judge Guber is setting out an orchard of 100 acres in peach trees near Jasper.

The newspapers have just discovered that Rear Admiral Dewey is a republican.

The Methodist Episcopal church South, is raising a fund of \$7000 to send 15 missionaries to Cuba.

The record of expenditures for benevolent purposes last year in the United States was \$25,000,000.

Old Uncle Samps Palmour, who used to visit Dahlonega and feed the boys heads and tell fortunes, is dead.

The site for the new prison farm which will be located near Milledgeville, cost the state of Georgia \$20,000.

The indigent pension money paid to our sister county Hall is \$3,300, nearly twice as much as Lumpkin receives.

It is said that the first camp meeting in the United States was held on the banks of the Red river, Kentucky, in 1799.

The thirteen-year-old son of W. Y. Houston, of Decatur, broke one of his jaw teeth while eating dinner, and from the trimal hurtled to death the other day.

Only thirty bones were found in the coffin supposed to contain the remains of Columbus. Probably he had fewer bones and more brains than the average man of today.

There were 127 lynchings in the United States and territories during last year, according to statistics compiled by the Chicago Tribune—102 negroes, 23 whites and 2 Indians.

Gov. Candler has accepted an invitation to start the machinery of the Atlanta Flouring Mill Co. It costs \$125,000 and will grind 5,000 bushels of wheat and 3,000 bushels of corn daily.

Several whiskey dealers were sentenced to pay fines from \$50 to \$100 in Atlanta last week, by Judge Candler, for selling liquor within two miles of polling places on Constable's election day.

John D. Rockefeller, the king of the Standard Oil Company, struck hard luck last year and only cleared \$300,000,000. He deserves the sympathy of 70,000,000 of Americans who lacked several dollars of making expenses.—Ex.

Judge Estes sentenced an old woman in Gainesville last Monday to pay a fine of \$50 or be sent to the chain gang six months for selling liquor. The operators of the blind tigers—both male and female in Lumpkin had better quit the business before the Judge comes up this way.

The fate of the missing yacht, Paul Jones, and her passengers, for whom a dozen parties have been searching for a week is known. She exploded about January 6th, near Bird Island, thirty miles from the mouth of the Mississippi, and it is believed that all on board perished.

Gov. Candler has been called upon for state assistance to prevent the small pox from spreading in Jasper and Jones counties, who has notified the ordinaries of the counties affected, advising them to institute a systematic vaccination and also to quarantine cases wherever found. State is to furnish all the virus necessary.

The explosion of a dynamite at the Creighton Mine in Cherokee county a few days ago, killed Dave Dooley and mangled the face and body of Julius White. On the previous day some four dynamite blasts were put in and it was supposed that all of them were discharged and it seems that one failed, which exploded when they began drilling.

Our Public Schools.

The first school to go into operation under the entire control of the Board of Education, the present spring, was Cane Creek school No. 15, with Miss Amanda Cain as teacher. The land was donated by Martin Jones, Esq., and the trustees have shown commendable zeal in getting the new house in order for the winter school.

The next school to begin will likely be Public School No. 21, at McMillan farm. The lumber has been purchased and the trustees believe that the school can be opened early in February. At the request of the trustees the Board of Education has procured the consent of Prof. J. L. Burns, of the county of Washington, to teach this school. Mr. Burns comes with fine testimonials from the school commissioner of his county. He has had several years experience as a teacher.

Public School No. 12, within one mile of Bearden's Bridge, will likely be the next house to be completed. Messrs. W. H. Satterfield, Henry Dyre and John Wood are the trustees, and will hurry the work right along.

School No. 6, under the direction of Mr. John Redmond, one of the trustees, will move up rapidly as soon as the material can be put on the ground. It will be located within two hundred yards of that magnificent spring of water at Mt. Gilead church.

School No. 18, at Grove, four miles north west of Dahlonega, is in the hands of workmen. So likewise is School No. 19, near Davis' Chapel. The school at Auraria, No. 27, Hightower School, No. 1, Long Tube, No. 11, Liberty No. 9 School No. 3, located at Frog Town court ground (the land having recently been deeded,) will all be finished before July 1st. The same can be said of Glenn School No. 28 (at John Huffs) and School No. 29, in Wahoo district. The school in Martin's Ford district, and at Pleasant Hill church will be decided upon as soon as deeds to the land are procured. The Keystone School house will likely be repaired in time for the spring term. The school known as the Woody or Date School, will be moved from its present location early in the spring to a lot given by Mr. Betz, of Philadelphia, Pa., and will likely be known on the school map as Betz School No. 20. The new location will likely accommodate a larger number of children. No school will be taught there until July.

Several other schools, which have needed no outlays for repairs will be furnished in the spring with such necessary school furniture, maps, charts, globes, &c., as the Board of Education can furnish. W. P. PRICE, Chairman Board of Education, Lumpkin Co.

The first quarterly conference of Lumpkin Mission Circuit will be held on Wednesday the first day of February, at Jones' Chapel Church.

ELLISON R. COOK, P.E.

Tested and Tried For 25 Years

Would you feel perfectly safe to put all your money in a new bank? One you have just heard of? But how about an old bank? One that has done business for over a quarter of a century? One that has always kept its promises? One that never failed? never misled you in any way? You could trust such a bank, couldn't you?

SCOTT'S EMULSION

OF COD-LIVER OIL WITH HYPOPHOSPHITES is just like such a bank. It has never disappointed you, never will. It has never deceived you, never will.

Look out that someone does not try to make you invest your health in a new tonic, some new medicine you know nothing of. See and know! all druggists. SCOTT & BOWNE, Chemists, New York.

Mining Notes.

We have nothing new to report in this department this week. All the operations are moving along as usual and it is useless for us to repeat, although we will do so, that they are paying for it they did not their owners would not work them.

What Every Town Has.

Every town has a liar or two; a smart Aleck, some pretty girls; more loafers than it needs; a woman or two that tattles, an old fogey that the town would be better off without; men who stand on the street corner and make remarks about women; a man who laughs an idiotic laugh every time he says anything; scores of men with the caboose of their trousers worn smooth as glass; men who can tell you how the town question should be settled, the weather, and how to run other people's business but who have made a dismal failure of their own.—Ex.

Dentistry.

I have been trying to get to Dahlonega to do dental work but on account of continual sickness in my family I find it impossible to go up for sometime. Dr. A. E. Merritt, of the firm of Ryder & Merritt, will be in Dahlonega next Tuesday Jan. 31st, to stay sometime, and will be prepared to do dental work of all kinds, and his work will be guaranteed by both of us.

Any courtesies shown him by my friends will be appreciated by me. C. A. RYDER.

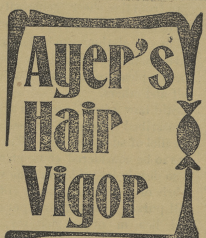

Georgia's printing bill in 1898 was nearly \$20,000.

The state has placed \$760,000 insurance on its property.

Judge Kinsey is again practicing law since his term has expired as Judge of this circuit.

Gainesville hopes to get a government building for the use of the post office and various U. S. officials. The bill has already been introduced by Hon. F. C. Tate in Congress.

It seems that the Filipinos are very angry and want to fight. They declare that they have no faith in the American protestations. The situation is critical and hostilities may begin at any time. It is claimed that Aguinaldo has fully 30,000 men under arms.

What does it do? It causes the oil glands in the skin to become more active, making the hair soft and glossy, precisely as nature intended.

It cleanses the scalp from dandruff and thus removes one of the great causes of baldness.

It makes a better circulation in the scalp and stops the hair from coming out.

It Prevents and it Cures Baldness

Ayer's Hair Vigor will surely make hair grow on bald heads, provided only there is any life remaining in the hair bulbs.

It restores color to gray or white hair. It does not do this in a moment, as will a hair dye; but in a short time the gray color of age gradually disappears and the darker color of youth takes its place.

Would you like a copy of our book on the Hair and Scalp? It is free. If you do not obtain all the benefits expected from the use of the Vigor write the Doctor at once. Address, Dr. J. C. Ayer, Lowell, Mass.

A Great Enterprise.

One of the most important enterprises of the day is the proposed submarine cable from San Francisco to Manila. The route of the cable will be from San Francisco to Honolulu, in Hawaii a distance of 2059 miles, thence probably to Ulan Kusaio, better known as String's Island, and which occupies a position almost in the center of the Carolines proper. This island is 2518 miles from Honolulu. From thence the cable will stretch 1200 miles to Guam, our newly acquired island in the Ladroneas, and thence 1300 miles to Manila. This would make a cable line of 7100 miles. The present cable and telegraph connection between Manila and a point in the United States is considered more than twice the length of the proposed new line, and many relays are necessary in transmitting messages.

Words of Henry Grady.

"When every farmer in the South shall eat bread from his own fields and meat from his own pastures, and disturbed by no creditor and enslaved by no debt, shall sit amidst his teeming gardens and orchards and vineyards and dairy and barnyards, pitching his crops in his own wisdom, and growing them in independence, making cotton his clean surplus, and selling it in his own time and in his chosen market, and not at a master's bidding—getting his pay in cash, and not in a receipted mortgage that discharges his debts but does not restore his freedom—then shall be the breaking of the fullness of our day. Great is King Cotton. But to lie at his feet while the usurer and grain raiser bind us in subjection is to invite the contempt of man and the reproach of God. But to stand up before him amid the crops and smokehouses, wrest from him the magna charta of our independence; and to establish in his name an ample and diversified agriculture that shall honor him while it enriches us this is to carry us as far in the way of happiness and independence as the farmer, working in the fullest wisdom and in the richest field, can carry any people."

Bro. Ben Perry, formerly of the Cherokee Advance, has quit the printing business and is running a hotel at Uniyeter. Suppose the traveling printers find it out? If they do he will hardly ever be without a boarder.—Acworth Post.

The total republican vote last November was 5,550,289, or 50 per cent of the vote cast. The total democratic vote was 4,812,101, or 40 per cent of the vote cast. The populist vote was 468,803, only four per cent of the vote cast. It may be noted that one-fourth of the entire populist vote was cast in the state of Kansas. Many of these voters were democrats.

NOTICE TO BRIDGE CONTRACTORS.

Sealed bids will be received by me, at my office in the court house in Dahlonega, Ga., until 12 o'clock, on the 18th day of February, 1899, at which time and place said bids will be opened in the presence of all bidders who are present, for the furnishing of all material and building of a public bridge across Hightower River in Lumpkin county, said State, at the site known as Davis' Bridge. Separate bids will be received, under separate seal, to both iron and wood structure. Said bridge whether built of wood or iron to be built on the pillars, or piers, now standing, and to be one span 60 feet long built of iron and 64 feet long if built of wood, with track or passage to feet wide. If built of wood said bridge to be of heart pine and oak lumber and enclosed on side and covered. The right is reserved to accept a bid for either an iron or wood structure as may be determined by me after said bids are opened and examined. Full plans and specifications of both an iron and wooden structure can be seen of file in my office. Payment to be made on the 25th day of December, 1899, or as soon thereafter as the work is completed and accepted by me. The successful bidder will be required to furnish a good and solvent bond to be secured by the successful bidder in terms of the law. The right to reject any and all bids reserved. This Jan. 26th 1899. W. L. C. TAYLOR, Ordinary of Lumpkin County, Ga.

BARGAIN S BARGAINS, BARGAINS.

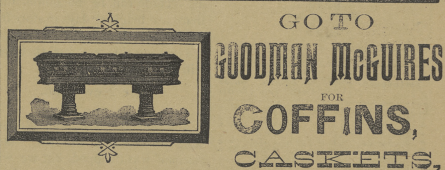

The Frank W. Hall Mdse Co.
Grand Clearing Out Sale.

We are not going to quit business but must make room now for our SPRING AND SUMMER GOODS, which we intend to put in. Monday, Jan. 23rd, we will begin this slaughter sale. The following is a sample of prices we will make:

| | |
|---|--|
| 500 yds calico worth 5c, now 3 1-2c. | Assorted lot of Table Linin 20 to 60c. |
| 500 yds calico worth 5 1-2 now 4c. | Full line best dress Plaids 8 to 15c. |
| 500 yds ginghams worth 7 now 4 1-2c. | Good quality white 10-4 Blanks \$1.00 per pair. |
| 500 yds Ginghams worth 8 now 5c. | Gray Blankets 60c per pair. |
| 200 yds 54 inch Water Proof different patterns, 60 now 40c. | Good quality Ticking 9c. |
| Fast black Silkotie worth 20 now 15c. | Best quality Ticking A, C, A, 12 1-2c. |

THE NUGGET.

DAHLONEGA, GA., JAN. 27, '99.

Frank Moose cured the grip by taking quinine in a cigarette paper.

Mrs. Carleige has rented and opened out the old Besser House.

Cols. Baker, Lilly and merchant H. D. Gurley went to Gainesville last Sunday.

Stephen Rice has been on the sick list this week but is able to be at work again.

Presiding Elder Cook has moved into the Gurley building next to Jones & Brookshers.

We furnish visiting cards nicely printed cheaper than you can get the blank ones in Dahlonega.

Deputy sheriff Myers, who resides at Ducktown, Tenn., was over on official business this week.

Jess Chatten has a good force of hands at the Burnside and is moving the work along in a lively manner.

Nearly every body has the grip but fortunately it is not so severe here as it is in the north. It paid its respects to the Nugget office during the past few days.

J. H. McKee, of McKees, Ga., writes that he very often fails to get his Nugget until Monday when he should get it on Saturday, and week before last missed it entirely.

It is whispered that Squire Allen will take hold of the Burnside House. The Captain is an old hand at the business and no doubt will receive his share of the patronage.

Peter Peck, who it is claimed was the biggest blockader in Lumpkin county, has quit the business and gone to reading the Nugget. Others should do this if they wish to prosper.

It seems that Jay will not have any post office long. Hardy Per dew, the present post master, has sent in his resignation and there is no likelihood of any one else taking it as it only pays about \$6 per year.

Among the visitors here last week looking at the mines were F. A. Stang, of Sandusky, Ohio, and F. C. Ickes, Toledo, Ohio. They seemed very much delighted at what they saw while here in the mining industry.

Coleman Ash will take charge of Lumpkin county's paupers home for the next 12 months for which he receives \$67. This is \$33 less than was given Mr. Lee last year. There were only two others who put in bids—Samuel Head and Thomas Lee.

We have just learned of the death of J. A. Donaldson a former citizen of Lumpkin county who died in Tillamook, Oregon, on Nov. 20th. He left Lumpkin when about 20 years of age and went to California December 16, 1868. The deceased has several relatives in this county and a host of friends who mourn his loss.

The road commissioners of this district met last Saturday and apportioned the hands. They have 93 hands including overseers to keep up thirteen and half miles of road. For some time the darkies have been fretting because they didn't get an appointment as overseers. This time their wishes were complied with. On the Rail Hill road there are only two hands, both negroes and Lum Hamilton was appointed overseer.

If you need any waiver or mortgage notes we have them on hand cheaper than ever before. Also mortgage deeds, warrantee title deeds, miners leases, constable's advertisements and forthcoming bonds, Justice of the Peace summons and f. f. s. By purchasing these blanks you will save time and keep many a case from going up to the Superior Court caused by errors by officers not understanding how to write them out properly. Come and get some. They will cost you just a little more than the blank paper.

There is more improvements being made in Dahlonega now than has been done in a number of years.

We had several beautiful shiny days last week drying out the ground so as to allow the farmers to plow some.

If you want cow feed call on G. McGuire. He has wheat bran, cow peas and corn and cob meal. Also has water ground bread meal, Graham flour, &c.

Dr. A. E. Merritt, of the firm of Rider & Merritt, of Gainesville, will be in Dahlonega prepared to do first class dental work. Call early to see him.

Another big trade was made in Dahlonega a few days ago. A certain fellow traded off his mule for a pistol and a dollar. All getting ready for the stock law.

You can buy more for your money at G. McGuire's than any place in town. You can get overalls for 35 cents. Jeans pants 45c and up. A good \$3 pair of pants for \$2.

It has been very difficult about us getting out a paper this week on account of being held down with the grip, but thank the Lord and the doctors too, we are again on hand "with right side up with care."

Found.—A females belt. The owner of which can get by calling at the Nugget office and kissing the editor provided that she is white and pretty and can do so without our better half finding it out.

We received a card from an Atlanta firm this week desiring to know if we published whisky ads. We do not. That which is made here causes enough trouble without mixing it with any of Atlanta's red eye.

Remember that G. McGuire has the best assortment of gents dress shirts to be found in town and cheaper than any one. He also has a fine line of gents and ladies over shoes. Also a fine line of gents, ladies and childrens shoes. All cheap.

When you want country produce go to G. McGuire who has a fine assortment such as mountain Irish potatoes, country hams and shoulders, pickled beans, dried beans, onions and home made tobacco. Homemade sorghum, vinegar, butter and eggs.

Rev. J. J. Shed, of Jackson county paid us a visit last Monday afternoon, who made a contribution to the editors basket, at the same time stating that he appreciated the Nugget and wouldn't be without it even if it cost two dollars per annum. Mr. Shed used to reside in Lumpkin county and her citizens are always glad to see him.

Some few days ago an old gentleman from Habersham county having a large family, came to Dahlonega. Being poor and not able to rent a house he had to take shelter with Henry Whitaker, a colored man. He had nothing to go upon and as soon as our citizens ascertained the family condition they supplied them with ample food to last them several days.

Last Monday W. M. Smith, a student of the N. G. A. College, attended a meeting of the State Oratorical Association at Atlanta. At that meeting a motion prevailed to exclude practicing lawyers, licensed preachers and professional lecturers from future contests among the colleges. This will be good news to the friends of our college for now we shall meet school boys in the contest, instead of professionals.

You can always tell when Virgo Moose makes a good clean up. He comes into town wearing a broad smile and looked like he loves everybody (woman not excepted of course) and relates many old war yarns. This is the way he looked and acted the other day. Virgo has been at work on the Ivey a long time and remarked to us the other day that he had one of the best mines in this county.

Don't forget that G. H. McGuire, the jeweler, is located in the building next to Anderson & Jones store.

Robert E. Lee's birth day was celebrated in Dahlonega by a game of foot ball, causing two participants to get mad and draw rocks.

Little Patton McGee had the misfortune to get one of his thighs broken last Sunday afternoon while scuffling with sheriff Davis' boy.

If you wish your letters to go off on the stage you will have to write them the night before as the mail is half way to Auraria before some people wake up in Dahlonega.

Best cream cheese 15 cents per pound, David's black and red ink, also mucilage 3c per bottle. Steel enameled ware and tin cheap. It will pay you to get our prices and see our goods whether you buy from us or not.

W. E. Ricketts has been quite successful in getting contracts during the past few days which shows that he is full of vim and energy. Besides having the contract for the store house of the new mining company he also has the painting of the college tower and new school house and the repairing of the "Green House."

Deputy Marshal Grizzle caused several defendants to appear before Com. Baker last week, charged with illicit distilling and their cases were disposed of as follows: Carl Mincy, acquitted; John Lingerfelt, Wes Ravan and Billy Hester were all required to give a bond for their appearance at the U. S. Court in Atlanta. They carried out the requirements and returned to their homes until court convenes.

It is quite likely that each Matilda district in Lumpkin county has not been having a court house will not be in this condition long after Judge Estes pays us an official visit. He called the grand jury's attention to it in Hall county last week and is not apt to forget this important matter when he comes to Dahlonega. He also told them to see that all the records in the ordinary's office were bound. No doubt Judge Estes' visit here next spring will bring about many important and beneficial changes.

The Dahlonega Consolidated Gold Mining Co. mean business. President Adams brought the plans of their large business house with him during his visit last week which was prepared in Chattanooga, and to be located in the old Master Ground. It will be 30 by 70 with an ell of 30 feet, for offices and store room, having suitable porches, adding much to the convenience and appearance of the building. W. E. Ricketts was awarded the contract who commenced work on it last Monday morning.

Deputy Marshal Downs and his assistant Ben Allison, had a streak of good luck last Friday while on their way to Dahlonega to appear as a witness in U. S. Commissioner Baker's court, by coming across Charlie Davis who is charged with white capping—whipping Phillips in Union some years ago for reporting his neighbors illicit distilleries. Davis has been dodging a long time and this is the first time any of the officers have had the pleasure of meeting the defendant since the occurrence. He was carried to Atlanta on the same day of his arrest. There were a number of Union county's citizens charged with being connected with this affair. The cases against some who were captured have been not pressed, others are under bond while a few are yet in the woods. Phillips has been gone for parts unknown for a long time, claimed to have been persuaded and hired to leave by the friends of defendants. It is not likely that any of them will be convicted unless Phillips is found and made to appear against them, but it is the duty of the officers to catch them all up if they can and have everything in readiness to proceed with whatever other testimony they may have.

John Moore has had some beneficial improvements made at his residence recently.

You desire to purchase a good sewing machine cheap. If so call at the Nugget office.

Newton Walker, of Yahoola district, was married last Friday to his cousin, Miss Sarah Walker, a daughter of Long Wash Walker.

Young Staniel didn't marry the other day in Chestate district according to the program published. He bought his license but said that he did that in order to be ready.

In some places in this county the roads are almost impassible and will remain so until just before the Superior Court convenes. This is the way they are kept up in Lumpkin.

We understand that a son of James Carder, of Union county, shot a man down in Banks or Jackson county the other day. On Friday he passed through Chestate district on his way to the mountains of Union county.

It is said that the end this way of the iron bridge at Leather's Ford is believed to be in a dangerous condition. We heard a rumor yesterday that it rattled and shook so that he would not cross it any more until it was examined. It is also stated that the iron is damaging rapidly for the lack of paint. If should be looked after at once.

But one wedding last week in Chestate district, being Mr. Corbin. The boys aimed to have a double wedding at Mr. Ravans house and even purchased the license for Jim Staniel but he and his lady didn't propose for outsiders to fix the day, but we are reliably informed that the already purchased license will be used next Sunday.

The Midland Methodist gives this good advice: Your preacher may not be the smartest man in the conference, nor even the best but wouldn't it be well to suppress adverse criticism until your life is better than the gospel he preaches? Give his message a fair chance, brother, and you will find more in the man, perhaps, than you have given him credit for.

Bruce and the McDonalds who are in the saw mill business down at the Barlow seem to be wide awake and up and doing. They have taken in as a partner, a Mr. Anderson, of Dawson county, and what is most interesting, they expect to compete with Gainesville's prices, with freight added. Mr. Bruce was up to town Saturday after several hundred lumber cards and secured a bill of 60,000 feet to saw while here.

Most of our readers doubtless remember the difficulty that occurred some months ago at a still house up in Chestate district between F. H. King and Ben Allison in which pistols were drawn and discharged but fortunately no one was injured. Later on King swore out a warrant for Allison, a true bill was returned charging him with an assault with intent to murder, and an officer was sent to Union county who executed the warrant. Allison made the required bond, but when Lumpkin Superior Court convened the defendant was absent and the bond was forfeited. In the meantime Allison had King arrested, charging him too with an assault with intent to murder. King was arrested and a day was fixed for his trial before Squire Spencer of Porter Springs district. The time came on but the trial had to be continued for the non appearance of certain witnesses. The second time it was continued. So on last Saturday being the day fixed for the trial the defendant, prosecutor and all the witnesses were on hand. Before going into the trial the prosecutor disappeared and left the Squire to get his cost the best he can. Why Allison left out we do not know. The still house where all this trouble originated is the place where Marshal Downs said no disturbance occurred, which shows that some one is mistaken.

Col. Huff attended Hall Superior Court a few days this week.

Lumpkin county is going to have another bridge. See notice elsewhere.

You can get any thing in McGuire's jewelry store from a watch key to a bass fiddle.

Cane Creek school house caught a fire the other day from the stove flue but was extinguished before any damage was done.

Some of those men in Lumpkin county who want to marry so bad should put on a dough face instead of using so much dye. The ladies would be more apt to fall in love with them.

It is now likely that we will have a telephone line from Dahlonega to Gainesville by early spring. A man has taken hold of it who means business. It will be a home enterprise.

We notice that some of our weekly exchanges are still advertising Christmas goods. Those who advertise in the Nugget have better luck than this. They sell out all such goods long before the holidays are over.

The Dahlonega and Wahoo mail route has been in progress for about a month. And still one of the citizens of that district didn't know last week that it had ever started although it has been going three times a week. He is not a subscriber to the Nugget explains why he hadn't found it out.

Ex-city Marshal Bruce is thinking of opening out an art gallery in Dahlonega at an early day. He has learned much since visiting the West concerning this business that will be good news to all ugly people, which in a nut shell is this: Can take a pretty picture from an ugly subject. This will enable him to do a thriving business.

A couple of students, Edwards and Blount, had a little difficulty the other day which resulted in a knock down. Mayor Price investigated the case Wednesday and acquitted the latter and sentenced the former to pay a fine of one dollar—Marshal and Mayor both remitting their cost. The college boys scarcely ever have trouble but as you know the old saying is: "The best of friends will fall out some times."

The new iron bridge across the Chestate near W. H. Satterfield, is completed and many of our country friends from the other side of the river have come to see us. The structure is said to be a good one. It cost about nine hundred dollars. There is seven hundred of this amount now in the treasury. We learn that Judge Tate will borrow the balance necessary to settle off this claim.

We have not yet learned whether the ordinary is going to order the stock law election in this district as petitioned by less than 15 free holders residing in it or not. Examine the records in the clerks office and you will find out that we are correct in our assertions. It may save a law suit. Let it be done according to law. Then we will not utter a word against a single man who supports the measure. It is his privilege. Let every man vote as they please.

A tall lean looking young man, a stranger to us, was in town the other day enquiring for the ordinary. We have seen much prettier young men in our time, for his briar hooked shaped nose caused him to present a very homely appearance. Notwithstanding this disfiguring we are satisfied that some girl had said "yes," and he was hunting the officer so as to procure the proper "credentials." For a moment we wondered why a girl wanted to marry a man like him. It was but a few moments, however, before we could imagine. No doubt it is some young lady who means to enjoy the rest of life and by marrying him she can stand in a chair when he returns from feeding the chickens and fold her arms around his slender form like two grape vines and give him a double hug with a single squeeze.

There is a great demand for lumber now in Dahlonega.

Dahlonega already has ten stores and will soon have more.

Call on Dr. A. E. Merritt and have your teeth examined. All work guaranteed.

W. F. Keenan, Jr., was wedded to Miss Alice Chapman one day this week. Both of this county.

About twelve or fourteen miners of Lumpkin county are now engaged at the Hamby mine in White.

Dahlonega will soon have three hotels open to the public. This proves that we are on rising ground.

The spring term of the N. G. A. college begins in a few days and the prospect for a large attendance is good.

Many of our friends have kindly remembered the printer within the past few days in the way of money and patronage.

We are glad to note that E. E. Crisson, after several weeks illness, is able to be out on the square again.

For first class dental work call on Dr. A. E. Merritt who will be in Dahlonega for a week or more from 31st of January.

Ben Moore, of Dahlonega, was married last Wednesday to Miss May Martin, of Hall county. May they live long, happy and prosperous lives.

We received our usual number of new subscribers this week. They came from Dahlonega, Lumpkin county, different parts of the state and Texas.

There may be men better acquainted with college matters than the sheriff of Lumpkin county but a better farmer or a cleverer man than Jim Davis never lived.

We understand that the bolts in the iron bridge at Leather's Ford have or will be tightened up so as to prevent any one from being the least bit frightened in the future.

Horses and mules were never cheaper in Lumpkin. You can sell a cow or ox much easier than you can a horse. At a public sale the other day horses only brought twelve and fifteen dollars.

It is said that the council will levy a special tax on different kinds of businesses operated in Dahlonega for the purpose of raising the necessary money for school and other purposes.

Col. Price informs us that State School Commissioner Glenn will visit Lumpkin county some time in the near future and spend several days visiting the various schools of the county.

Col. Price has a map in his office giving the number and location of every public school in the county—23 we believe in all. We asked the Colonel how many he supposed there were in Lumpkin 40 years ago. "Not more than five," was the reply. This is very encouraging and shows that we are on the road to progress.

Newspapers report that Solicitor Charters has been very successful with his first official business in Hall Superior Court. The first case was a negro murder—why was found guilty and to be hanged soon if it is not decided to carry his case through all the courts. We are not surprised at Solicitor Charters success for we knew all the time that he was fully competent to discharge the duties of the office to which he has been elected.

If our city fathers desire the trade of the countrymen they will have to stop the game of foot ball on the square. We heard a countryman say the other day that he was afraid to send his son to town with a team and would be compelled to trade somewhere else. We are not opposed to the boys having their enjoyment, provided that it can be done without injuring both the town and the county. There are plenty of places to play ball besides on the public square.
